Loyal friend . . .

. . . is Mrs. Frances Wilcox, biology instructor at MHS. Few faculty members show as great an interest in her students' intellectual, social, and emotional growth as does Mrs. Wilcox. We wish to express our deep appreciation through the dedication of The 1967 Lion.

Administration

The school bell rings, a dozen things
Never finish as they ought.
The year is past; some say, "At last!"
And leave without a second thought.
But many stay this final day
To show appreciation.
They warmly thank, each file and rank
Of their school administration.

From the members of the Board
To each helpful janitor;
From the wonderful teachers
To the business manager,
From the cooks and the bus drivers
To the women of the P.T.A.,
These students go with "Goodbye,"
For the summer and "Thank you," to say.

School Board Members for 1966-67 are Mr. Earl Slaughter, Mr. George Webb, Mr. Paul Hardin, Mr. Elliot White, Dr. Mac Hill, Mr. Felix Smith, Dr. Joe W. Harper, Mr. Dwayne Howell, and Dr. Ed Slack.

Board Works Diligently

Working to improve the McKinney School District is the chief purpose of the School Board. District policies, financial matters, and proposed constructions illustrate the type of matters presented to the Board. In its monthly meetings the group of men use their constructive thinking and wise planning to settle all pending business of the month.

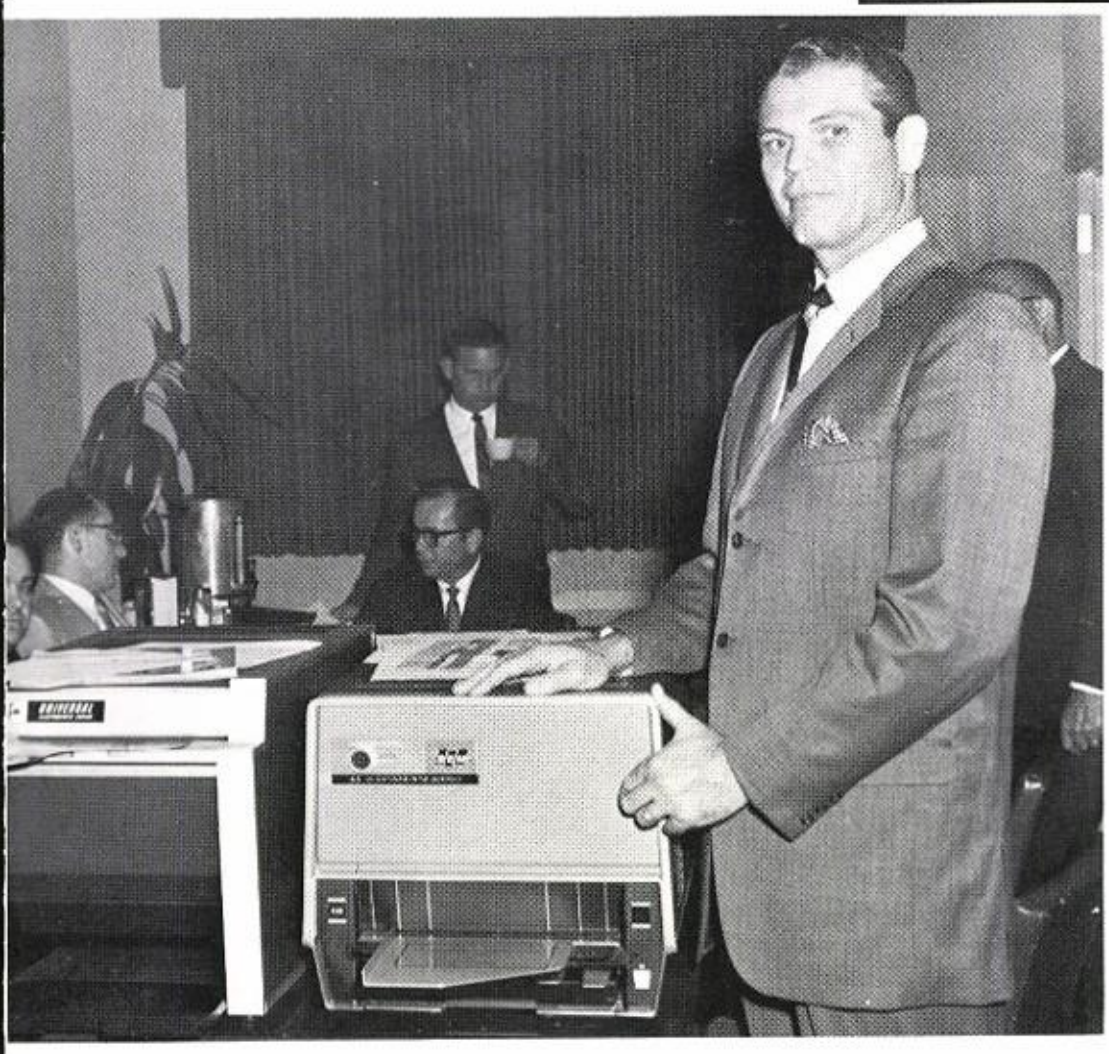
DR. JOE W. HARPER
Superintendent of Schools



During his six years in the McKinney Independent School System, Dr. Joe W. Harper has exercised his knowledge and wisdom many times toward the expansion and betterment of our schools. Thus, he has contributed much to our rapid growth and development.

Mrs. Amy Boykin, receptionist to the superintendent, though a newcomer to MHS, has been most helpful in all areas of work. Her warm smile and friendly disposition is most welcome anywhere.

Miss Earline Herron, the well known secretary to the superintendent, is most efficient. She has contributed much to the McKinney Public School System.

Mr. D. F. Douglas, head of all governmental projects, is to be credited for his cooperation in the Job Corps, Neighborhood Youth Corps, and Project Head Start.

Inter Adds

Mrs. Betty Grey, whose duty is to plan all meals served in McKinney Independent Schools, makes school much easier for all.

Secretary to the business manager, Mrs. Claudia Martin, is in charge of payroll and most other monetary matters.

Health is an extreme factor for all students and Mrs. Margaret Nesbitt does her best to maintain good health for all.

To insure the best health for all students, no one person could be successful; therefore, along with Mrs. Nesbitt, Mrs. Nina Roberts reassures us that shots and examinations are necessary.

Curriculum director, Mr. Lyman D. Robinson, helps teachers plan workshops and added attractions to broaden their abilities.

Mr. Earl Slaughter, business manager of the McKinney Public School System, keeps records and works on financial problems.

Office Efficiency

Mr. George Raymond Smith visits all schools in McKinney as well as bus routes, reporting all problems that occur.

Mrs. Verna Stephenson, reading consultant, supplies many new methods and materials for elementary and junior high reading programs.

Bookkeeper for the McKinney Public School System, Mr. Mike Walters, keeps our funds accounted.

Mrs. Johnye Worden, textbook consultant, introduces the newest and most informative texts to the faculty.

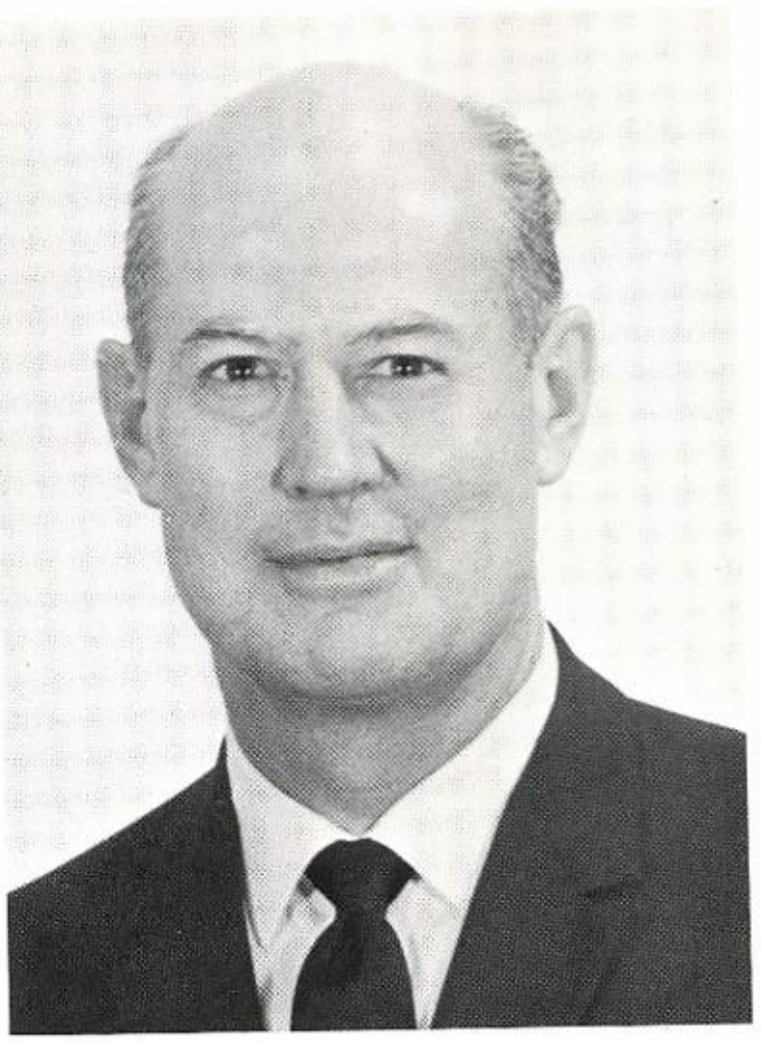
Principal Seeks Improvements for MHS

MR. JACK C. FAUBION
Principal

After five and one-half years of service to MHS, the presence of principal Mr. Jack C. Faubion has added joviality to these hallowed halls. With a firm but kind hand, Mr. Faubion has performed his duties as principal well. Aside from his regular jobs, he participates in school and organizational activities. His participation has contributed to closer student-administration relations.

As a newcomer, assistant principal Mr. Dean O. Slayton has proved himself an asset to McKinney High School. Having received his B.A. from the University of Tulsa, Mr. Slayton is well equipped to handle almost any emergency that might arise.

Assistants Are Indispensable



Mr. Edwin Luscombe, guidance counselor and senior class sponsor, is indispensable to the administration and students. There is always time for everyone in his office. Mr. Luscombe holds both a B.S. and M.S. degree from North Texas State University.

Secretary for MHS, Mrs. Ellen Byrd, whose duty is to keep cool and calm when problems appear, is a well known friend to all.

Offices wouldn't be offices without those girls of varied talents, such as typing, answering phones, and, most of all, picking up absentee slips from the many doors of MHS. These girls are Gloria Wilson, Linda Mayfield, Amie Dodson, Elaine Deptula, Lou Etta Willis, Susan Phillips, Barbara Vaughn, Beverly Koonce, Sherry Bowman, Darlene Rutledge, Tommy Crockett, Mary Anne Cooke, and Patsy Murphy.

Specified duties of teachers are those of teaching; however, most faculty members find that there is more to it. Personal, as well as academic, problems are discussed between teacher and student. Mrs. Druselle Henry, throughout her many years teaching at MHS, has discovered her talents as a counselor.

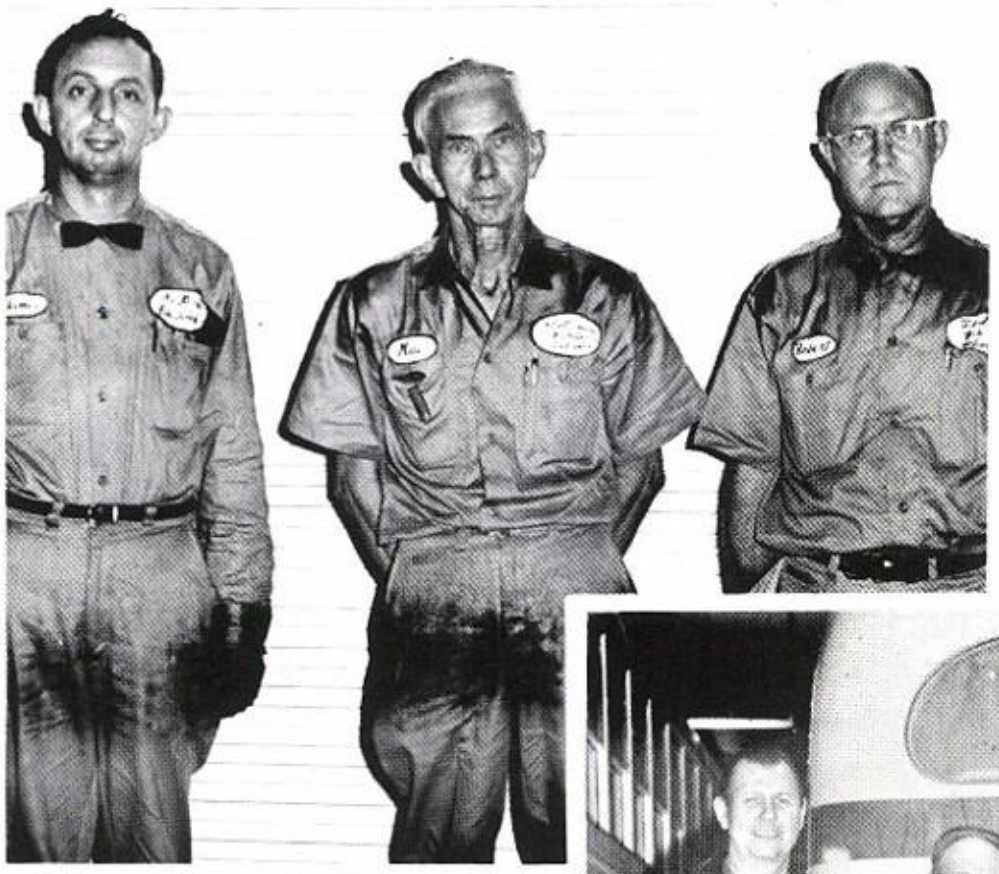
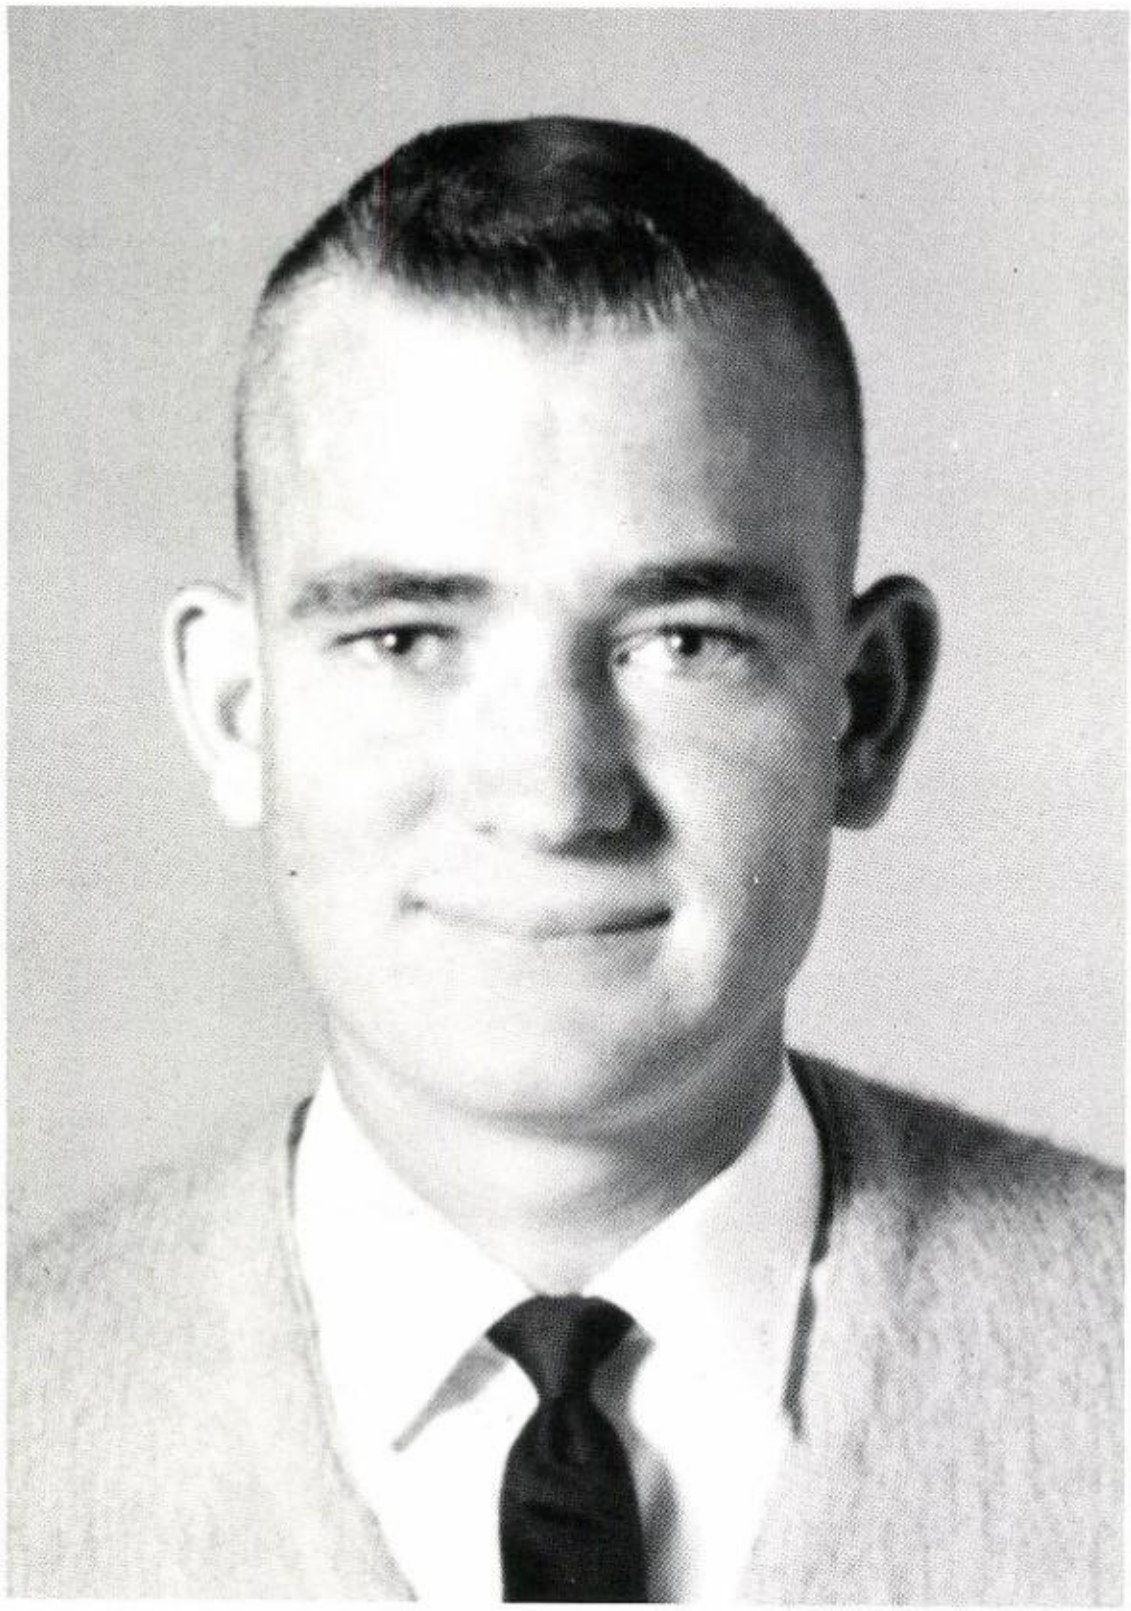
Food, to most high-school-age people, is the most important essential of school life. The women who make nutrition at MHS possible are Mrs. Pauline Bryan, Mrs. Corine Wilson, Mrs. Alama Scalf, Mrs. Lucille Evans, Mrs. Hattie Cox, Mrs. Naomi McKinney, Mrs. Juanita Warren, Mrs. Dorothy Derryberry, and Mrs. Eva Roberts.

Employees Serve Diligently



Without the men in their uniforms, Mr. James Wells, Mr. Price McGarrah, and Mr. Robert Bryant, cleanliness and efficiency at MHS would be almost impossible.

Without transportation to and from school some students wouldn't be able to attend regularly; therefore, busses and drivers must be obtained. The bus drivers are Mr. Buddy Foster, Mr. Keith Mallow, Mr. Ray Love, Mr. Billy Gray, Mr. Arthur H. McNeil, Mr. Harold Bishop, Mr. Royce Lawson, Mr. L. W. Brewer, and Mr. Harold Carr.



In Memoriam

For one who was so
active in life it
must be said:

As is a tale so is
life:
Not how long it is,
But how good it is,
Is what matters.

—*Seneca*

Clarence Braswell

"We're almost there!"
This is the feeling
One would find
Supreme in every Senior's mind
If the veil that was concealing
Their inner thoughts could be drawn.
"We have come a long way."
They do not hesitate to say
That eleven years,
And a whole lot of homework
Are now all gone
But never forgotten.
It would be easy for them to shirk
All sorts of necessary duty
By thinking constantly of the Past's beauty,
But our Seniors have little time for such
Things. They have only time to smile
At successes, and to learn from failures,
For they have found that there is too much
To do, to waste time for juvenile
Musings. Each must take his place
And go his own way, at his own pace.
And each Senior is doing this.
Many are preparing for college
By placing an emphasis
On grades and the gathering of knowledge.
Others are planning a career.
The boys view the Service, perhaps with fear,
And the girls prepare to be wives.
But whichever way they spend their lives,
There can never be any doubt
That they will accomplish what they set out
To do. "There" may be a different place for each one,
But they will achieve their goal
And see that their job is done.

Seniors of 1967
"You Can't Take It

To represent the talent of the Class of '67, Mr. Jerry Phillips directed the play, "You Can't Take It With You." A cast of nineteen included Steve Huey as Grandpa Vanderhoff, Susan Phillips as Penny Sycamore, Charlie Chapman as Paul Sycamore, Ivett Quattlebaum as Effie Charmichael, Dwight Stewart as Ed, Mary Anne Cooke as Alice Sycamore, Craig La-Follette as Tony Kirby, Tommy Lewis as Mr. Kirby, Judith Hull as Mrs. Kirby, Joveta Seals as Reba, Clyde Clemons as Donald, Roy Wilcox as Mr. De Pinna, John Keasler as Kolenkhov, David Whisenant as Wilbur C. Henderson, I.R.S. Sue Prince as the Grand Duchess Olga Katrina, Katie Winneford as Gay; and Si Bradley, Edgar Bradshaw, and Ricky Nevil as the J Men. It was concerned with a strange family, the Sycamores, who, in spite of their eccentricity and poverty, were quite happy and content. This four act comedy lasted about two hours and was a tremendous success.

Juniors

The transition from the sophomore
Year to the junior year
Is very much like the door
Which opens on to a new room
In a house, a room better equipped to
Serve the needs of its occupants who
Are older and wiser and to whom
More responsibility has been given.

With this added responsibility
That is a part of the Junior year
Come added independence and eligibility.
Membership in the National Honor Society,
Athletic participation on Varsity teams,
Realization of Junior-Senior Prom dreams,
And the fund raising Junior Variety
Show are just part of many Junior
opportunities.

The actions of this year's Junior class
Speak for themselves, Like polished brass,
Proving that the future Senior class of '68
Was and always will be, a class very great!

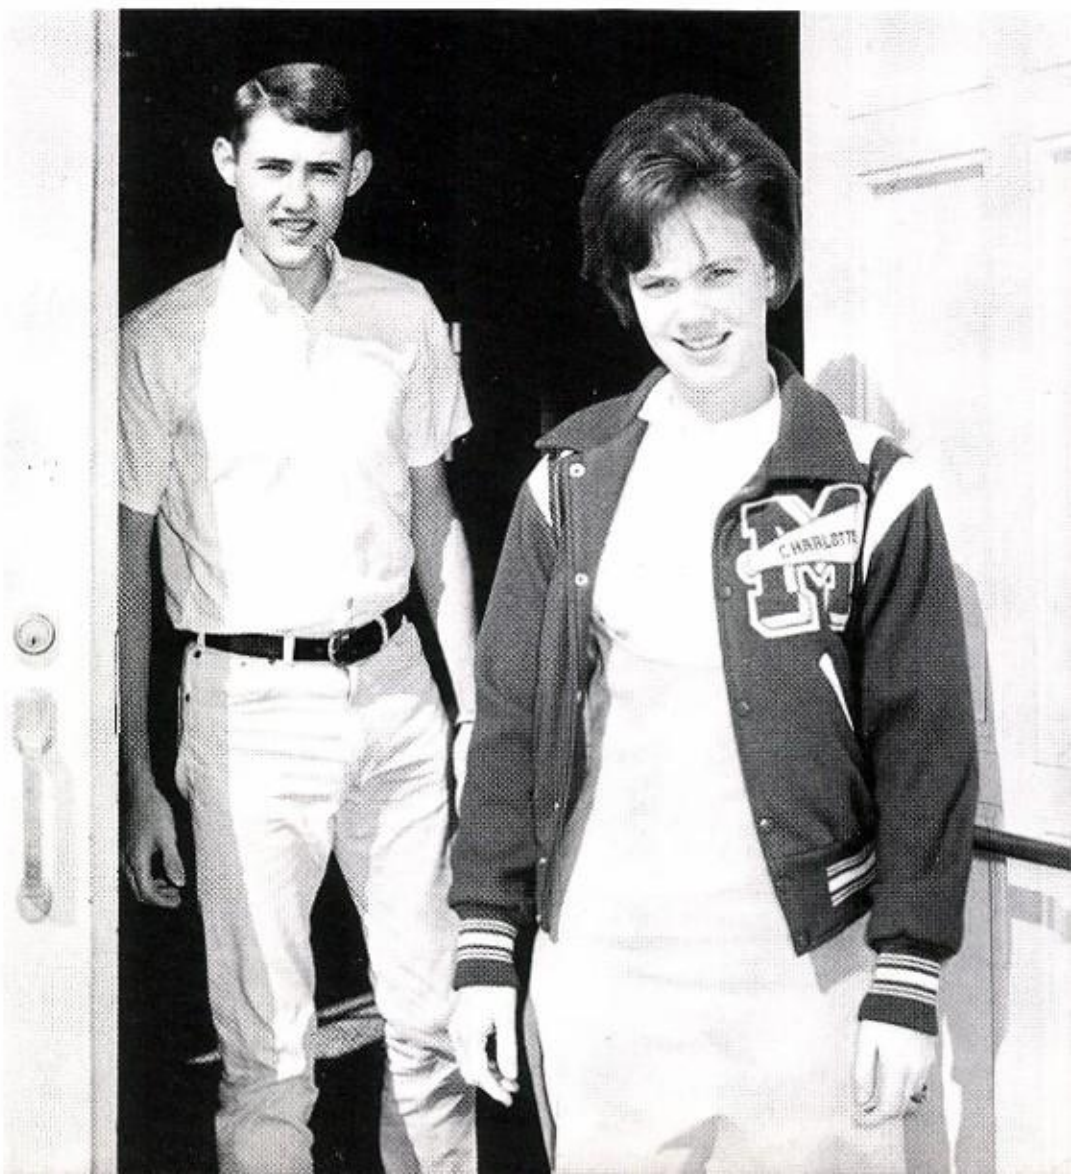
Students Anxiously Await the End of Each Day

Young, Lynette

Young, Vivian

After a grueling day of studies, students leave school with a smile of relief. Kenneth Branch and Charlotte Truett exit with a sigh.



"Each of you is now a sophomore,
The principal might have said,
"One year older and wiser than before.
More responsibility is yours
And with it, a little more freedom.
Extracurricular activities
Extend a larger hand of welcome
Than they did in the previous year.
Now, yours is the chance to become a leader,
Someone with strength that others may follow,
Someone that will give aid to him called Needer.
You've adapted well to high school life
And now, much more so than at the start
You blend in and are accepted
As an indispensable part
In the make-up of McKinney High School's [illegible]ess.

But to you, of course, the most important thing
Is that you have finally gained your wish:
Expulsion from [illegible]h class dubbed 'Fish'

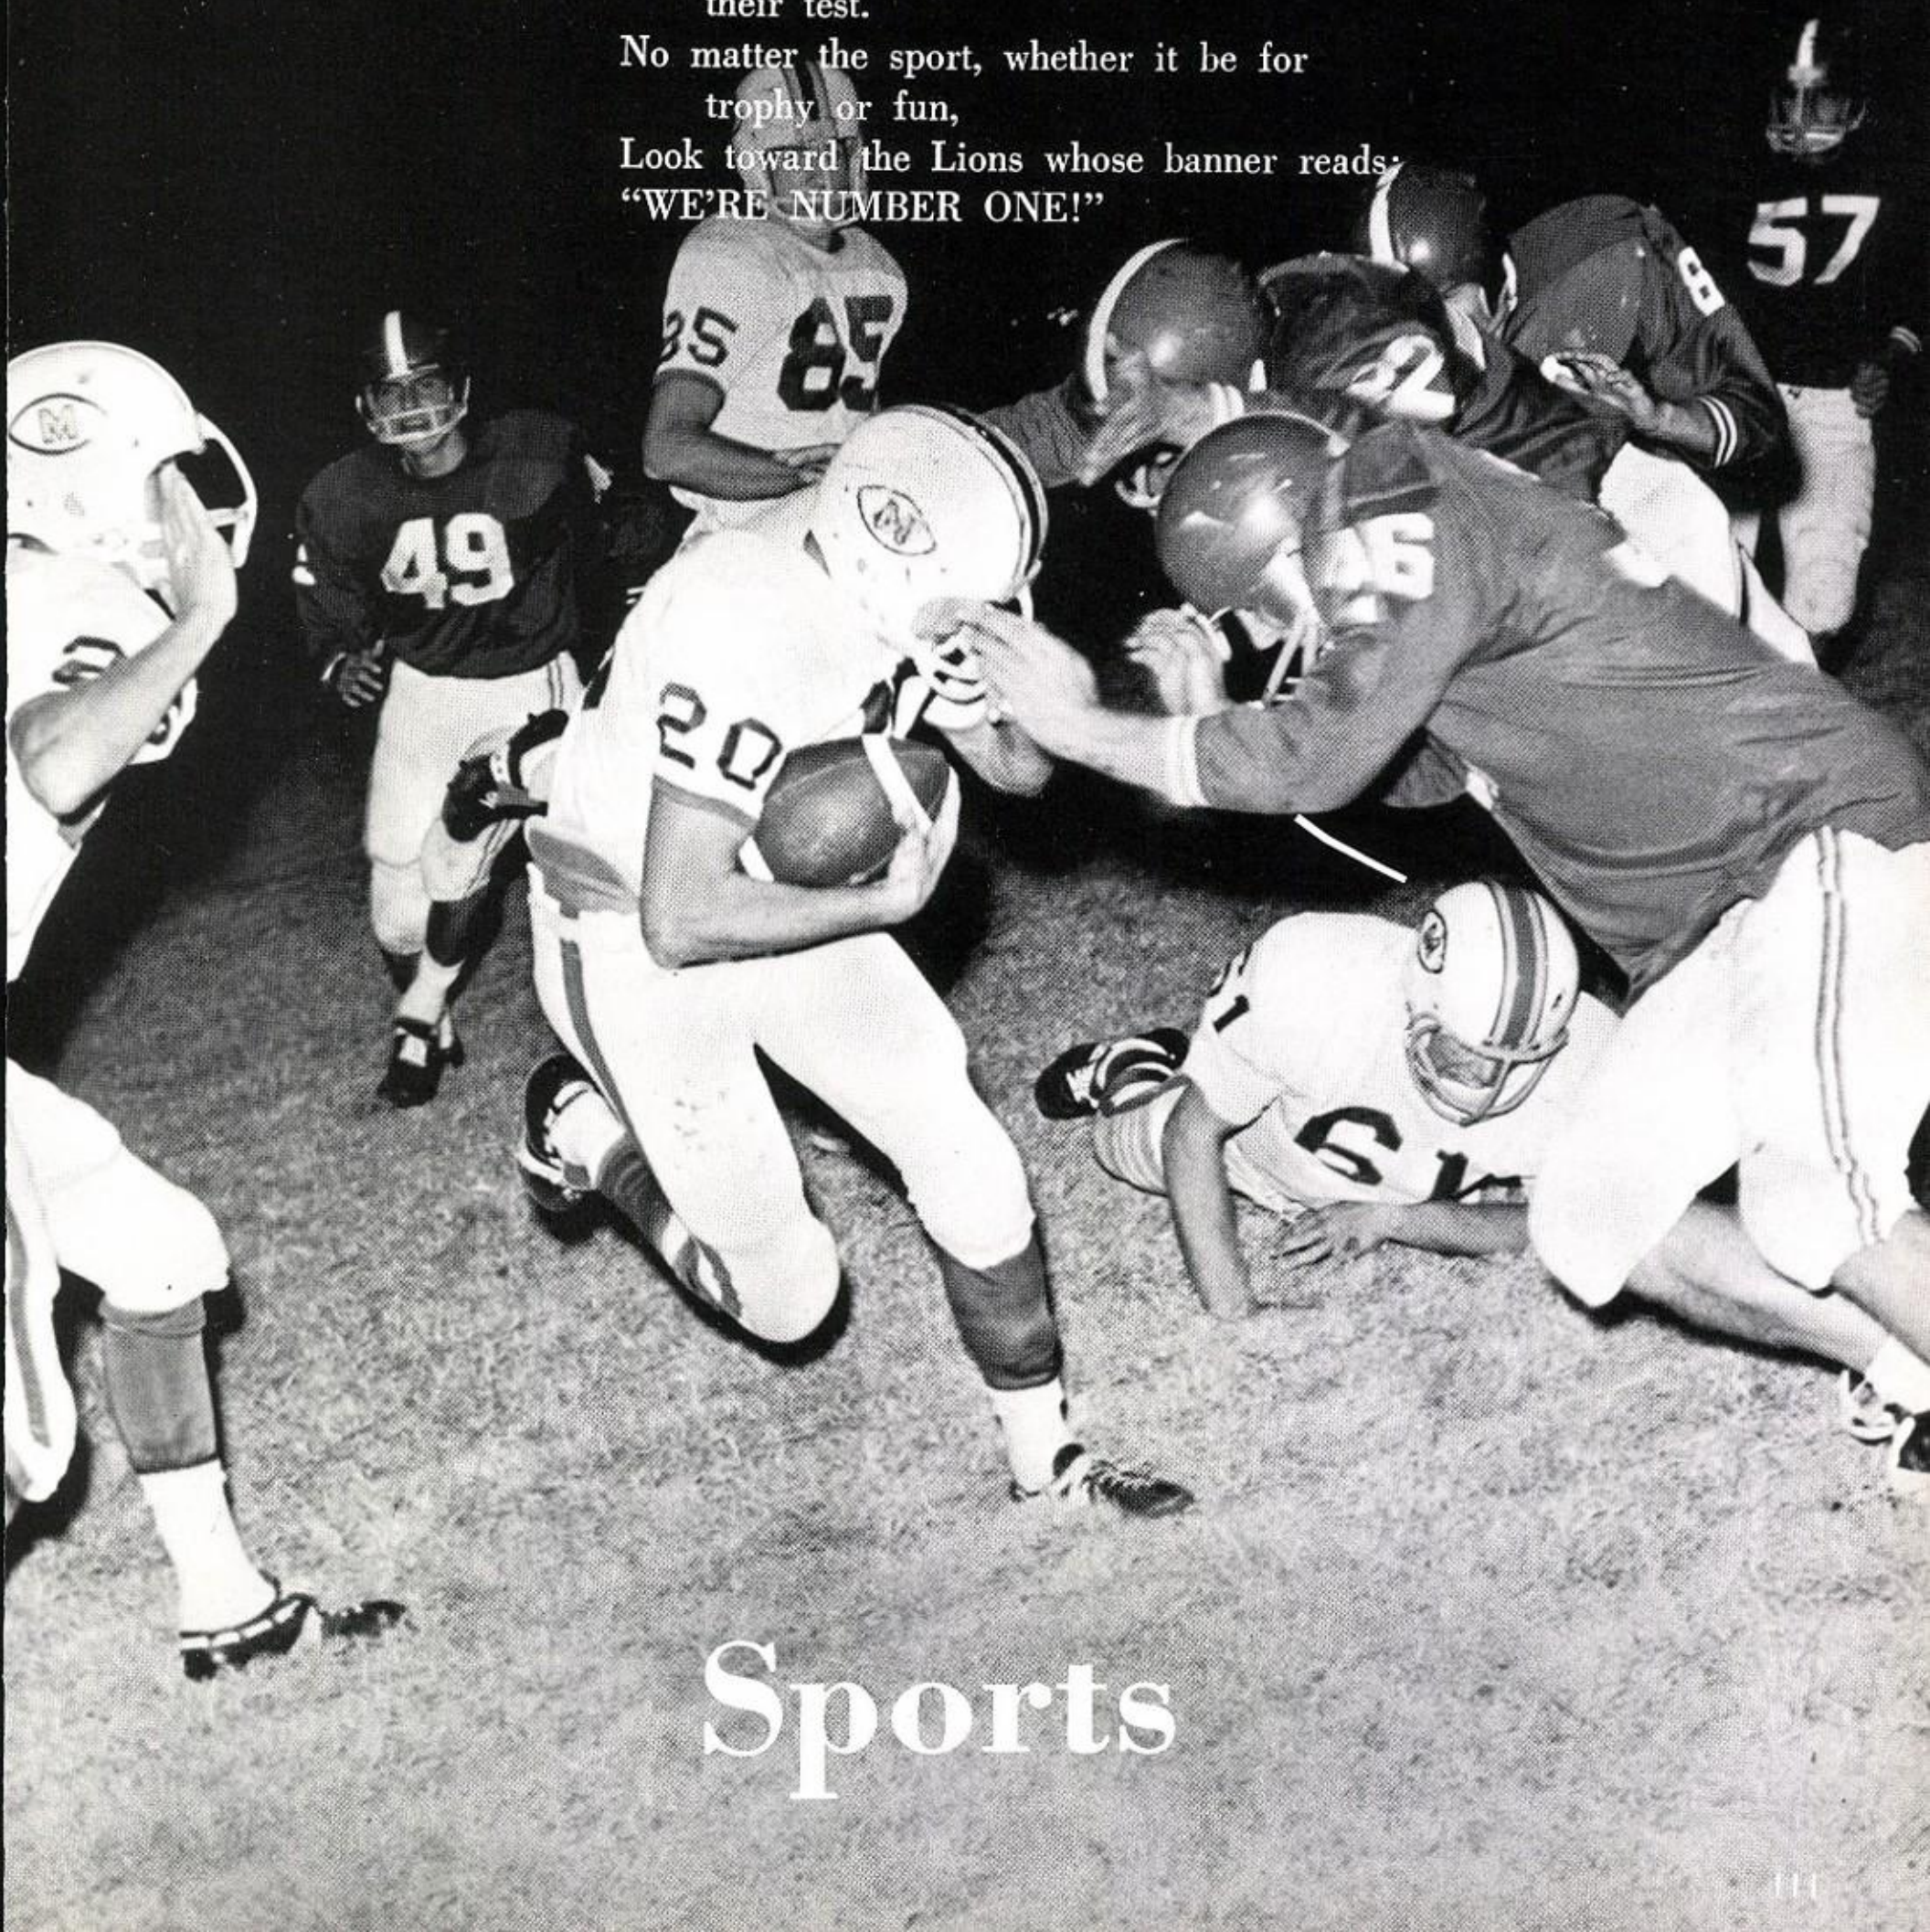
Freshmen Complete First Year At MHS

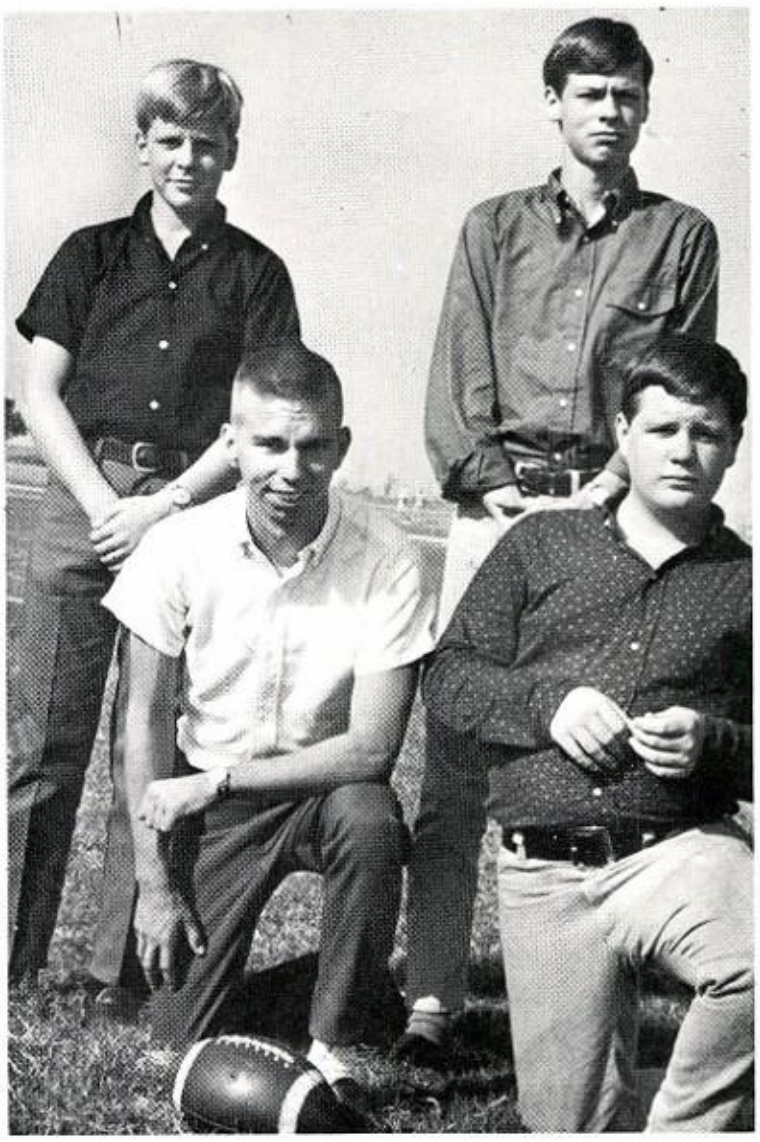
Whether it be in football, basketball,
baseball, golf, or track,
Few teams survive under Lion attack.
We're the school with the greatest
team spirit,
And though so many others have tried,
none have come near it.
Our players practice long, striving
always to do their best,
And when each game comes, they equal
their test.
No matter the sport, whether it be for
trophy or fun,
Look toward the Lions whose banner reads:
"WE'RE NUMBER ONE!"



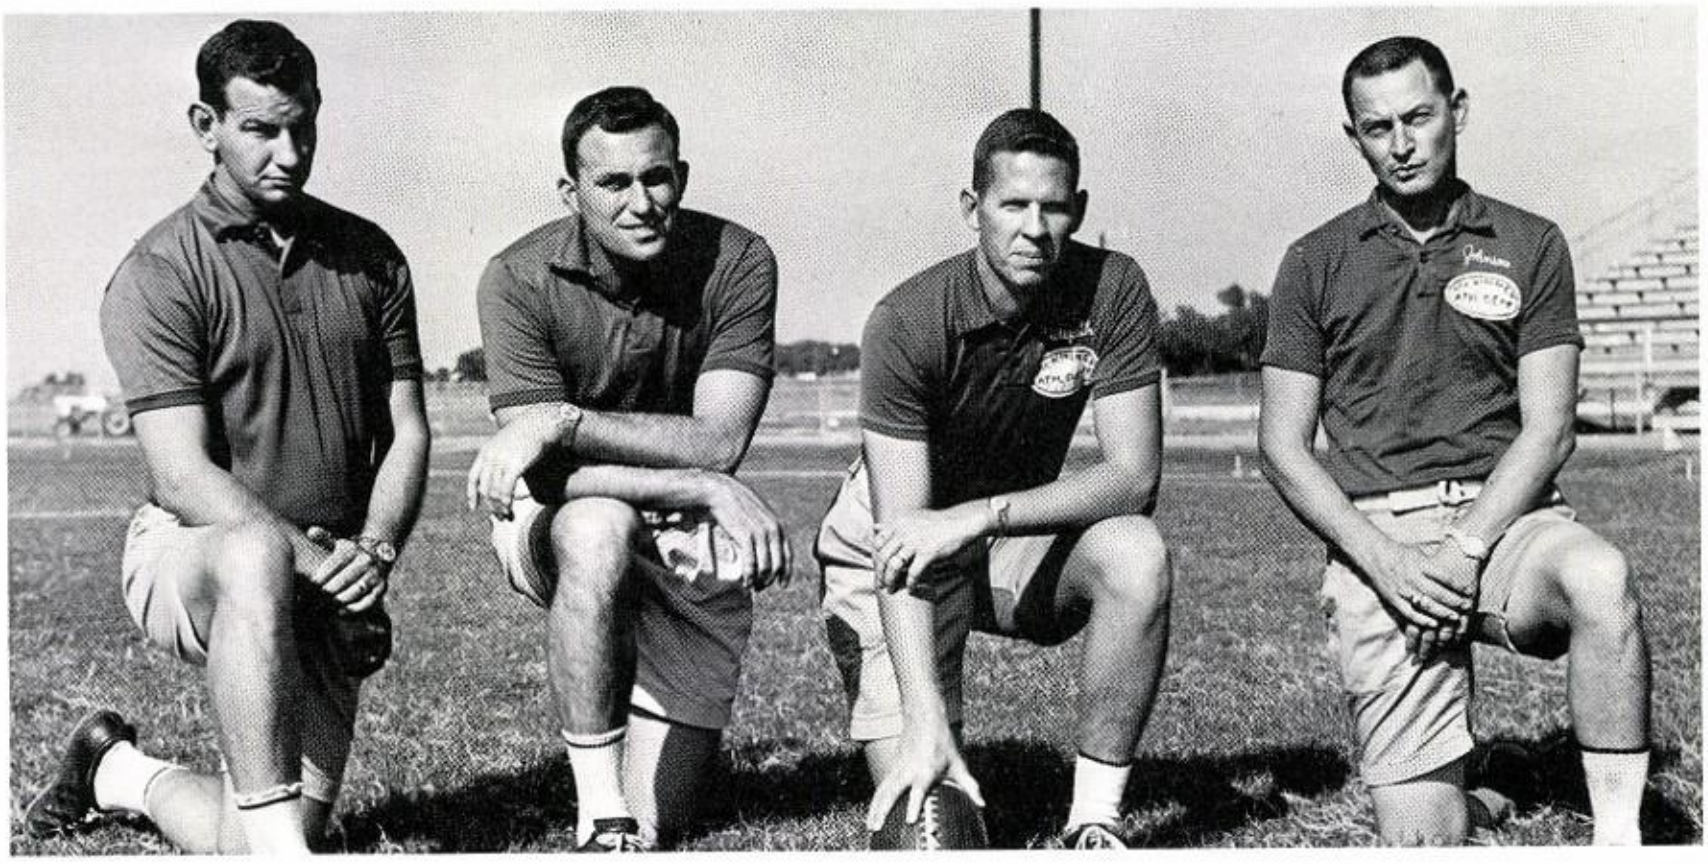
Sports

Tri-Captains for the 1966-67 Lions were Keith Reeder, Halfback; Jack Faubion, End; and Mike James, Halfback. They guided their team to the number ONE rating in The United Press International Schoolboy Ratings.

With the assistance of student trainer, Irwin Vandergriff; and managers, Donnie Drake, Bill Olsen, and James Forte the Lions were a well organized team.



Leadership Responsible for



Successful coaches of the 1966-67 Lions were James Cameron, Defensive Coach; George Johnson, Offensive Line Coach; Tommy Hudspeth, Head Coach and Athletic Director; and Scott Johnson, End Coach. The coaches engineered their team to the State Finals, and while climbing that hill to the top, the Lions and their coaches added prestige to MHS, the city, Collin County and District 6-AAA.

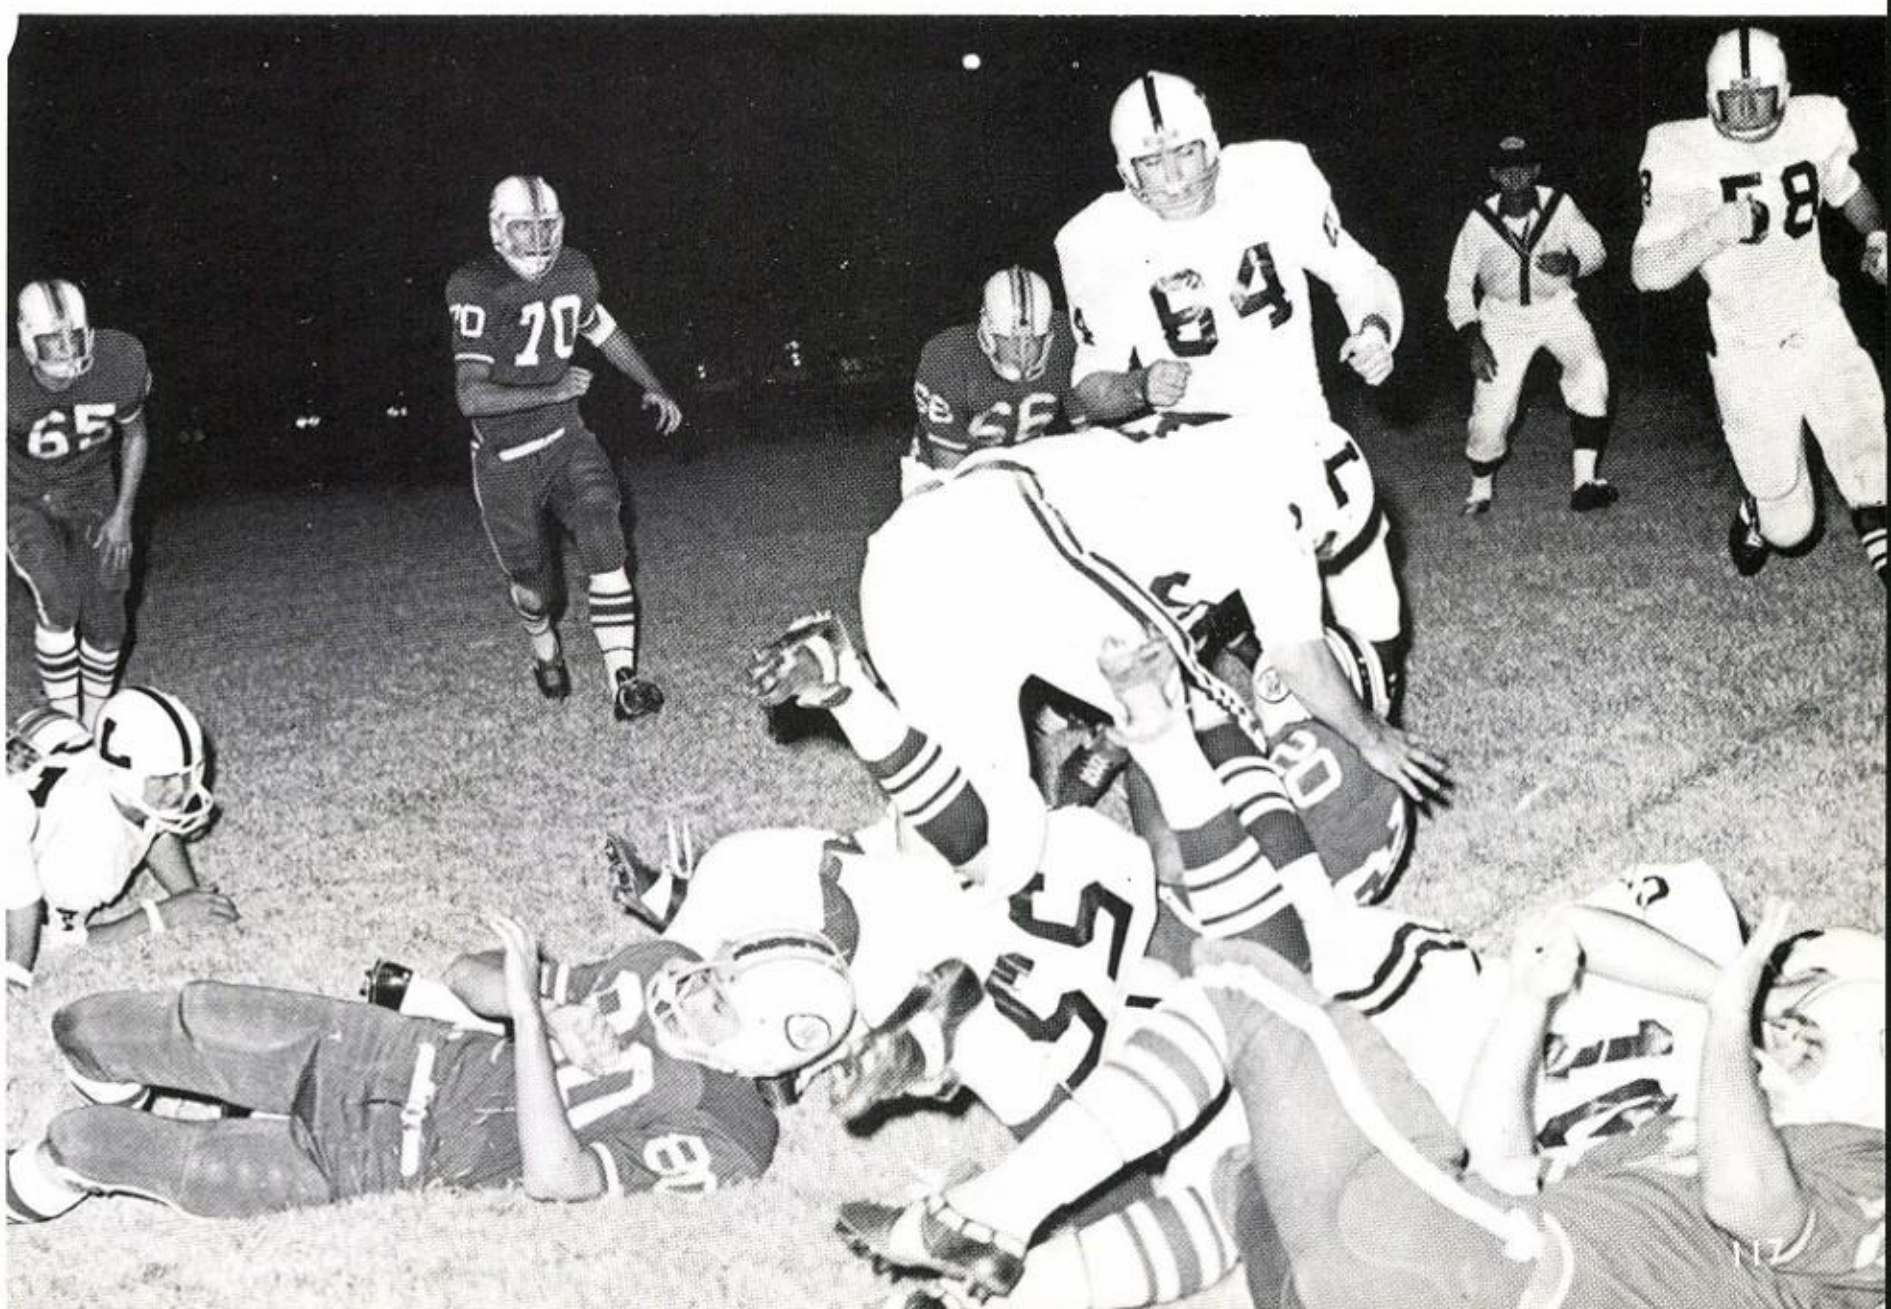
Lions Beat Lewisville 41-0 in Homecoming Clash

While other teammates Jimmy Monroe, Mike Landers, David Inge look on, Mike James, Robbie Clark, and Alton Nichols are being smothered by Lewisville in an attempt to stop the Lion attack. By defeating the Lewisville Farmers, the Lions won their 29th straight game in their home stadium.



McKinney Lions stop Mr. Chandler and the Lake Highlands Wildcats 20-0. The Lion defense allowed only 16 points in 13 games and was one of the main reasons for McKinney advancing to the State Finals. The McKinney defense racked up nine consecutive shutouts and established a new school record in that department.

Being an individual is often a hard task these days.
One has a tendency to soften or tone down his ways
To hide the traits of his own personal quality
In order to meet the specifications
Of modern day conformity.
But the persons who portray their true
Selves, who do not attempt alterations
To please the mass, are they who
Deserve and receive recognition. The
Students at MHS who have shown a
Superior ability or talent, a degree
Of incomparable school spirit, or
Personal charm are recognized by
Their fellow students who signify
Their respect and appreciation for
Such leaders through their nomination
For "Personalities".

This classification
Is actually a complimentary way
Of acknowledging that someone has
Maintained constructive individuality
In the face of the dimness and decay
So often accompanying conformity. 'Tis
True, everyone *has* a personality,
But at MHS to be a personality
Depends, not on one's ability to conform,
But on one's individuality!

Personalities

Homecoming Queen Nominees for the 1966-67 football season were Misses Debbie Howell, Midge Smith, Jan Ramquist, and Linda Mayfield. These girls were chosen by the Varsity football team for their poise, personality, and beauty. As in the past, the student body voted in the final election, choosing Miss Linda Mayfield as the 1966-67 Homecoming Queen.

Queen Linda Reigns

During the week preceding Homecoming, tradition required the student body to collect debris and any flammable materials to be ignited on Thursday evening before Friday's game. At the bonfire cheerleaders led the student body in yells. Cheerleader, Penny Wysong, urges the group to show some spirit.

With a sigh of relief, Queen Linda begins her reign.

Mr. Harold Mayfield and daughter, Linda, await the final decision of the student body.

Tears of joy were shed by Linda Mayfield as Miss Barbara Presnell, 1965-66 Homecoming Queen, placed the crown upon her.

Queen Linda's regal beauty and radiant smile rule her fellow students lovingly. Her beams of happiness fill the stadium as she begins her journey around the football field.

Organizations

At MHS every club and organization
Is a society of preparation
In which young men and women learn
By working together on a common concern.

This concern may be in the form of a carnival
Or volunteer service in a hospital,
And may range from musical instrumentation
To the facets of business administration.

Whatever the concern, students gain experience
By doing. Those who were the participants
Of the '66-'67 organizations
Will be better citizens, aided by their school preparations.

AMCC members sign up to work in the hospital. Volunteer workers spend their free time in working in all areas of the hospital on weekends, holidays, and during summer vacation.

The officers of AMCC are Marcus Searcy, President; Mary Anne Cooke, Vice-President; Beth Benton, Secretary-Reporter; and Gary Chancellor, Treasurer.

Volunteers Serve Community Needs

Any student in high school may become a member of Allied Medical Career Club upon showing interest in the club and by meeting and maintaining the requirements of the club. Students must maintain an average of 80 and must be passing all subjects. The purpose of the AMC Club is to bring together young people in high school interested in careers in medicine and its allied fields in order to share their interests, to explore opportunities and requirements in these fields, to grow as individuals by working together, and to learn about the community life in which they soon will participate as informed citizens.

During the sixteen years in which Allied Youth has operated at MHS, the organization has sought to teach young people the harmful effects of alcohol upon the human body. AY sponsored a carnival as its money-raising project.

AY Sponsors Fund-Raising Carnival

The AY officers are Jimmy Monroe, Vice-President of activities; Cindy Cox, Vice-President of publicity; Mary Jane Chambers, Vice-President of social activities; Beverly Ritchey, President; and Larry Eubanks, Vice-President of membership. Mr. Harold Frazier and Miss Marcia Merriman act as sponsors.

Beverly Ritchey, President of AY; with Diana Rushing, AY member; and Mr. Harold Frazier, sponsor, attended the annual Allied Youth International Convention in Halifax, Nova Scotia.

For the second year AY presented a community wide carnival. Booths, such as ring pull, marriage booth, and weight guessing, lined the baseball field.

McKinney High School Cheerleaders spend many hours painting signs, selling ribbons, and planning pep rallies. Through the work of cheerleaders school spirit has been established and has moved beyond athletic contests into the minds of students. These girls are led through the year by their head cheerleader, Patty Veigel, and sponsor, Miss Polly Rogers. John Keasler and Linda Braley also lend their help in creating school spirit as mascots.

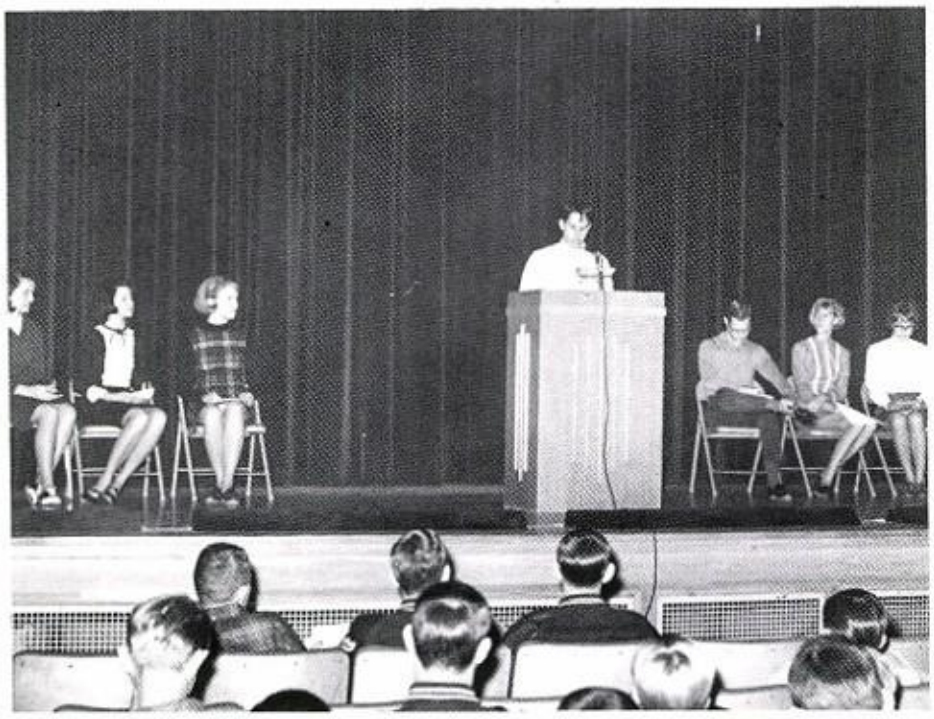
Requirements for membership are that a student must be a sophomore, junior, or senior and must maintain an over-all average of 75. The purpose of FTA is to conduct an exploratory program of education, whereby the high school students are introduced to the advantages and disadvantages of teaching. The ultimate goal would be the commitment to the teaching profession when its 177 members attend college.

FTA Sponsors Favorites Dance



Each year McKinney FTA enters candidates for Mr. and Miss FTA at the district convention. This year run-offs were for Mr. FTA—Mike Abernathy and Jack Pratt; and for Miss FTA—Karen Sportsman, Dianna McClain, Juby Winniford, Mary Jane Chambers, and Mary Anne Cooke. Half-time activities are highlighted by the Marquettes' precision marching and dance routines. The flag and banner routines contribute color as well as variety to the entertainment.

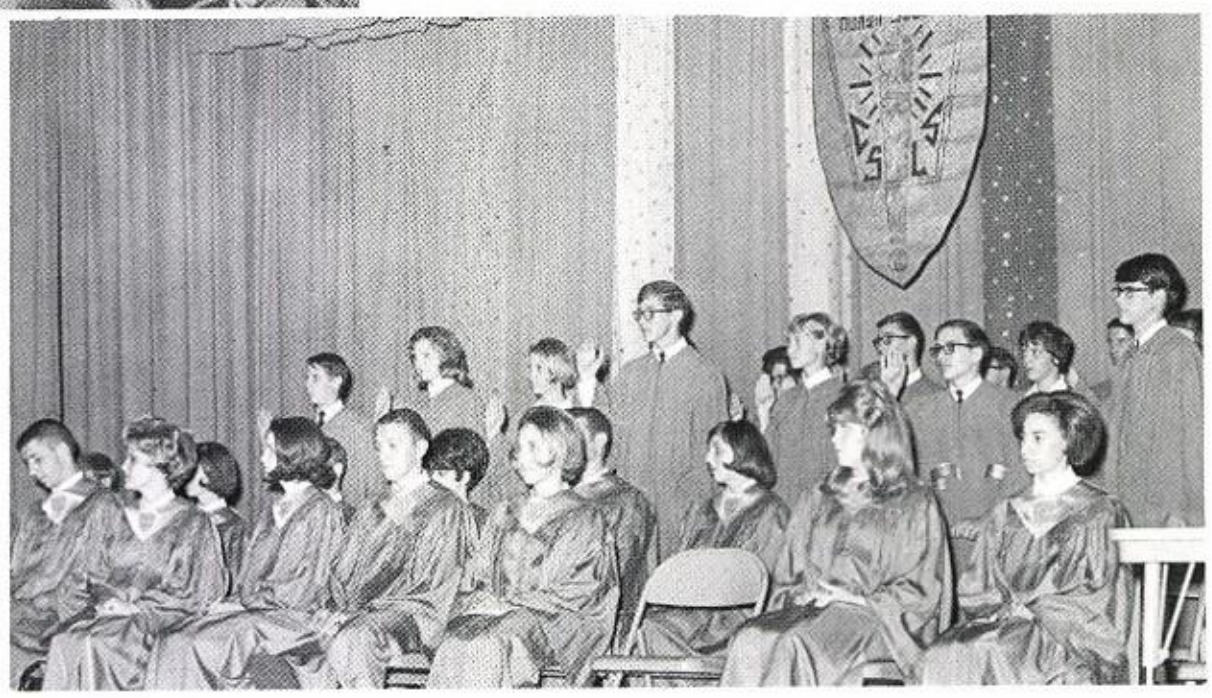
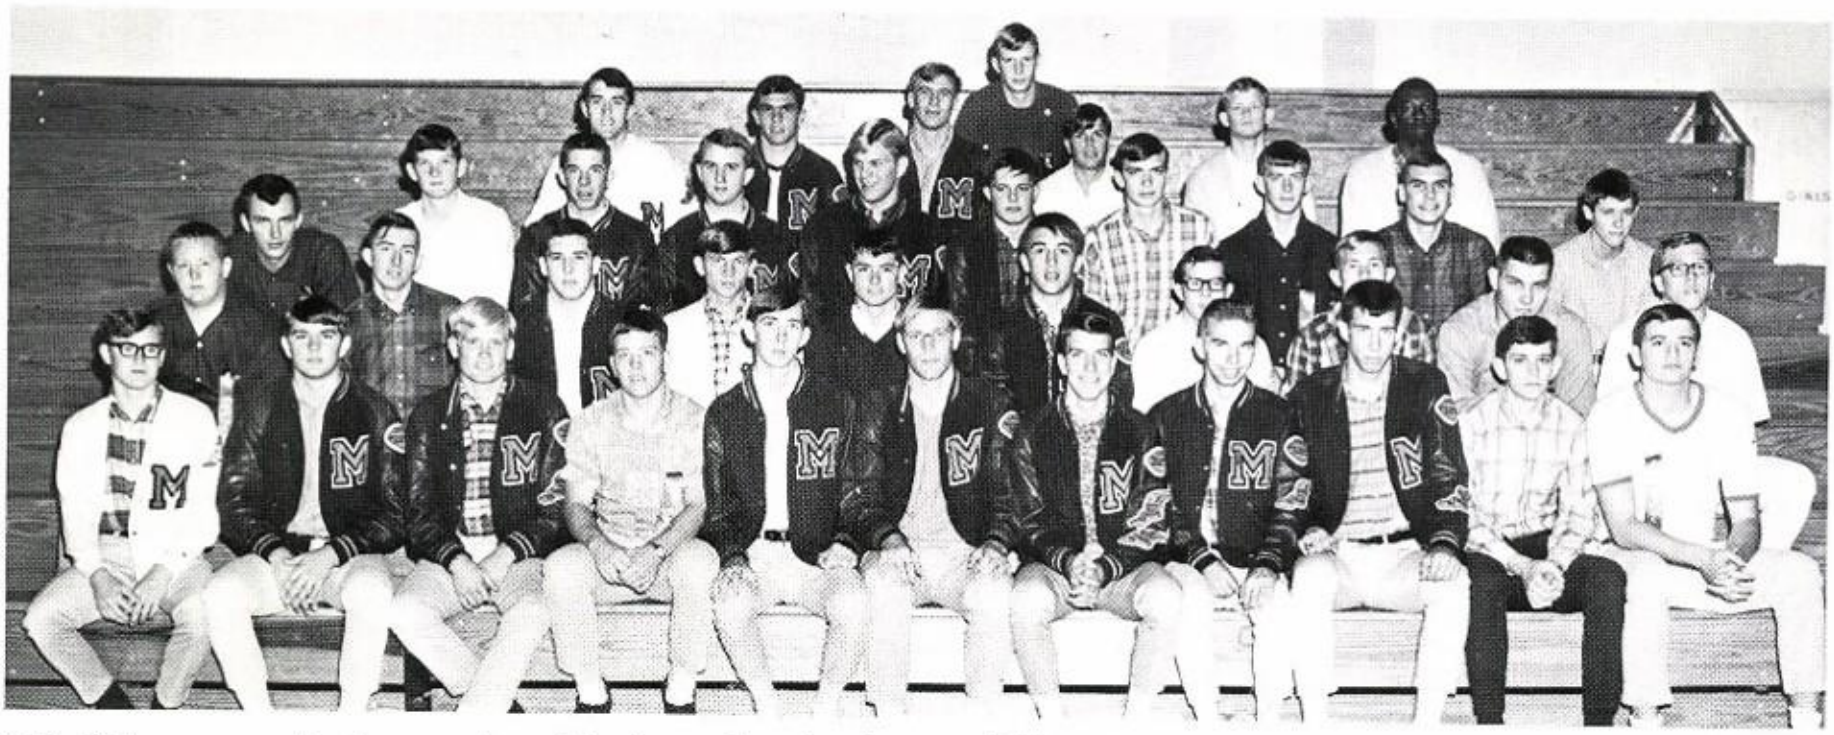
In 1952 the McKinney chapter was organized with eleven members; today the membership has risen to eighteen members. One of the highlights of the school year is the installation of the new members.



Senior Members Receive Sweatshirts

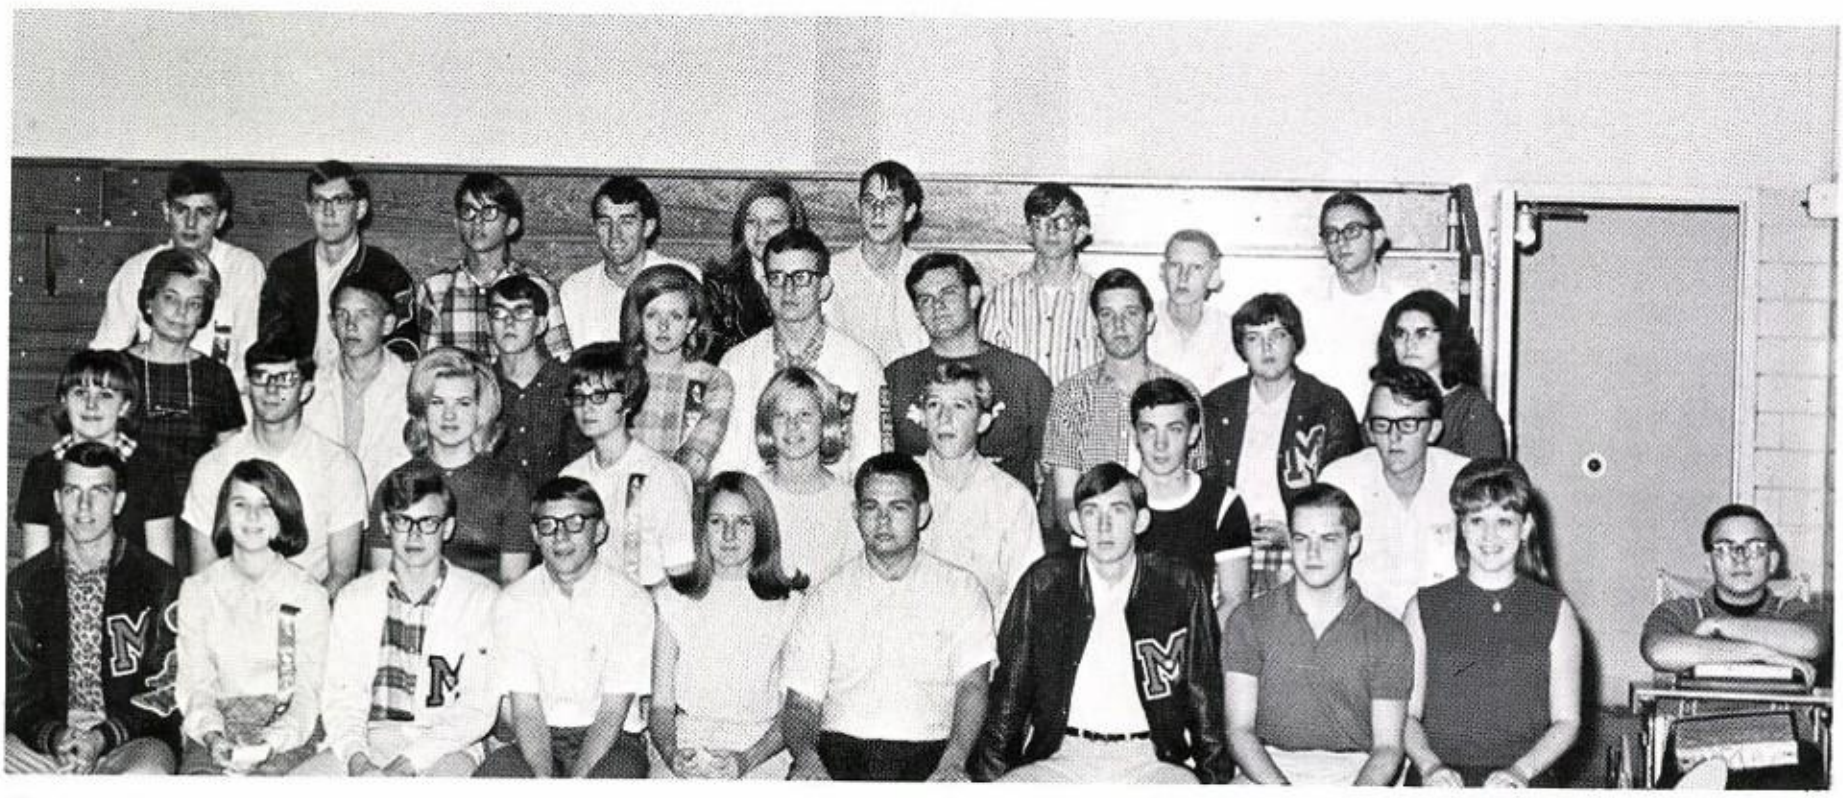
Senior members of NHS look forward to the day when they receive the official sweatshirts. Jack Faubion, Rob Hendricks, and Glenn Eva Parchman happily receive their sweatshirts from Mrs. Alda Benton.



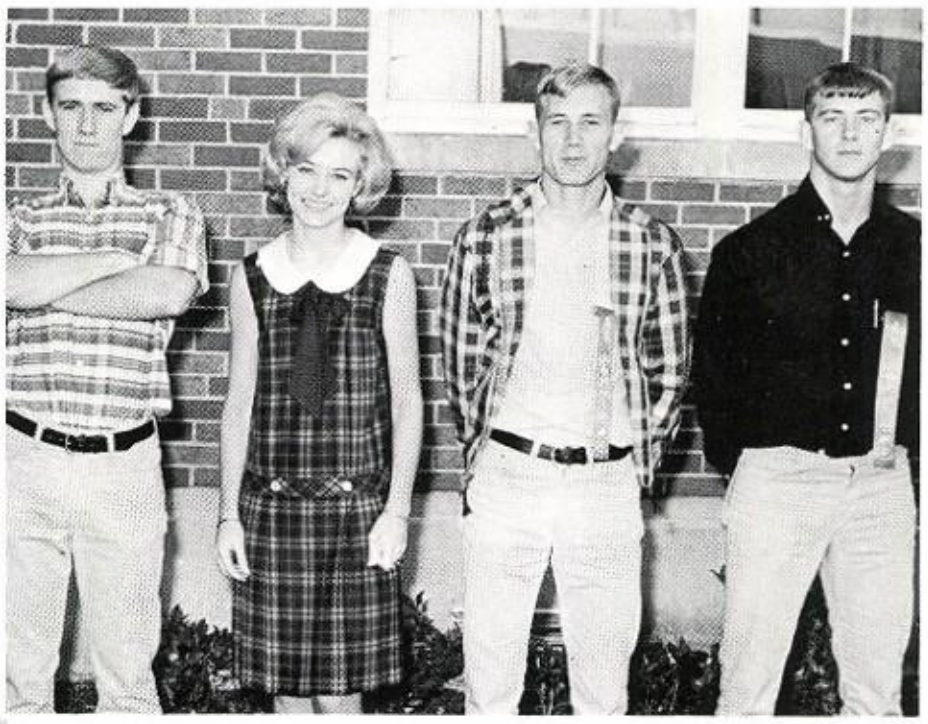
"M" Club, an organization, consists of junior and senior boys at MHS who have lettered in a sport. This organization promotes good sportsmanship in all athletic contests.

Organizations Promote Interest in Various Fields

Officers of the Science Club are Tommy Simerly, President; Melinda Nelson, Secretary; Paul Flohr, Vice-President; and Si Bradley, Reporter.



To broaden the scope of students who are particularly interested in science is the purpose of the Science Club. Membership requires that a student must have maintained an eighty average in all courses and have been enrolled in at least one year of science.



Officers of El Circulo Espanol are John Mark White, Treasurer; Midge Smith, Secretary; Alton Nichols, Vice-President; Edgar Bradshaw, President.

Mexico City became the goal of the Spanish Club's second annual trip to Mexico. One of the fund-raising activities of the club was a bake sale. David West and John Mark White were caught at this bake sale in downtown McKinney.

El Circulo Espanol Goal — Mexico City

All members of El Circulo Espanol must be currently taking Spanish or have had two years of Spanish. The purpose of the club is to stimulate interest in the Spanish language and the people who speak it. This organization raised money to transport its members to Mexico.

Student

One of the many activities sponsored by the Student Council is the annual Christmas basket presentation to the needy citizens of McKinney. Serving as judges were Mr. Charles LaRue and Mrs. Rose Marie Rooth.

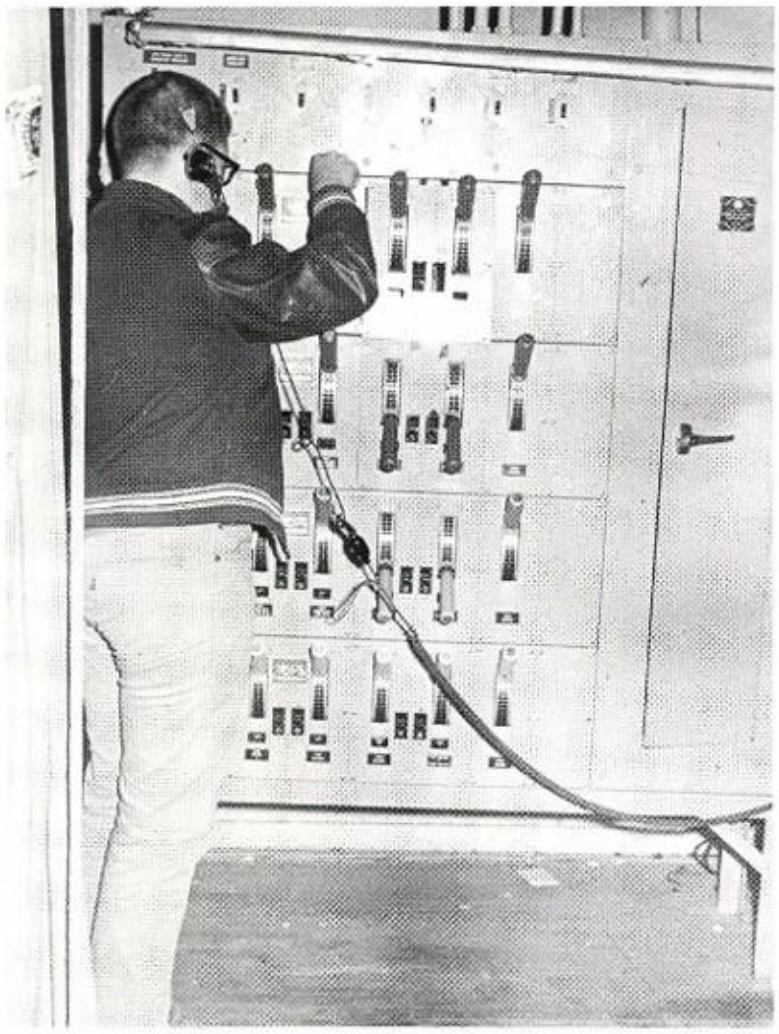
Executive officers of the 1966-67 McKinney High School Student Council are Suzy Taylor, Secretary; Larry Eubanks, Treasurer; Sally Wysong, Historian; Keith Reeder, Parliamentarian; Max Cameron, Vice-President; and John Anderson, President.

Student Council, the student governing body of high school, meets twice a month to discuss school problems and policies. To be a member of the Student Council, one must have an overall eighty average. Although the Council has been in existence in MHS for many years, it has only recently become active in school affairs. The Council consists of homeroom representatives and an executive council which is elected in the spring. The Student Council sponsors many projects. Among them are the annual Homecoming Dance and Christmas baskets.

Among the duties of Student Council members is keeping change. Mike Abernathy and Diann Doyle serve fellow students when they are needed.

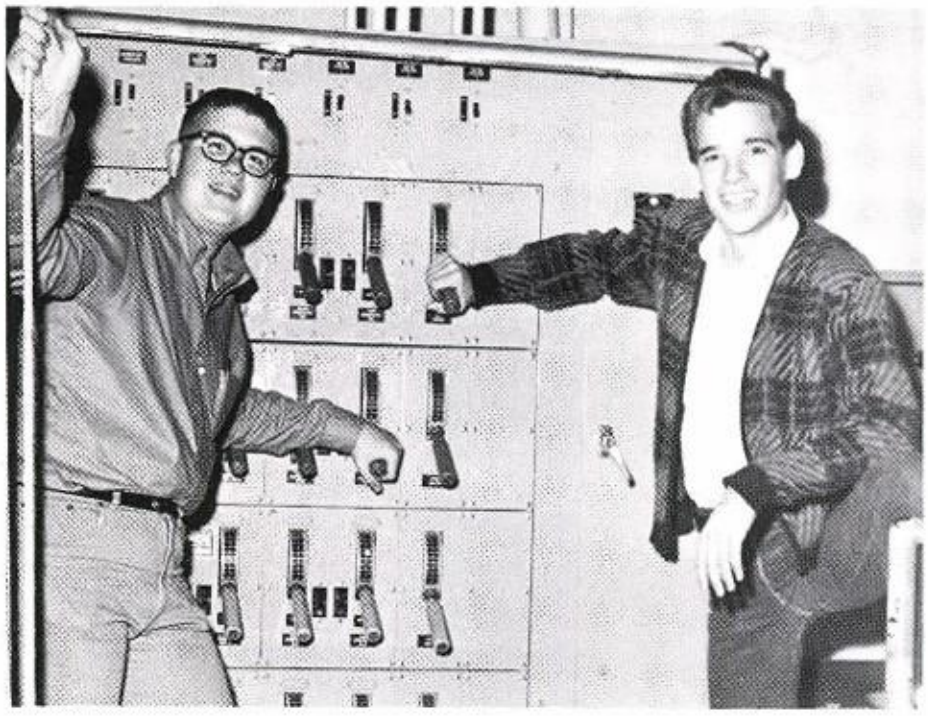
Council Aids Self-Government

Student Council members, Jack Faubion; John Anderson; Keith Reeder; Suzy Taylor; and Larry Eubanks, trim the annual Christmas tree.



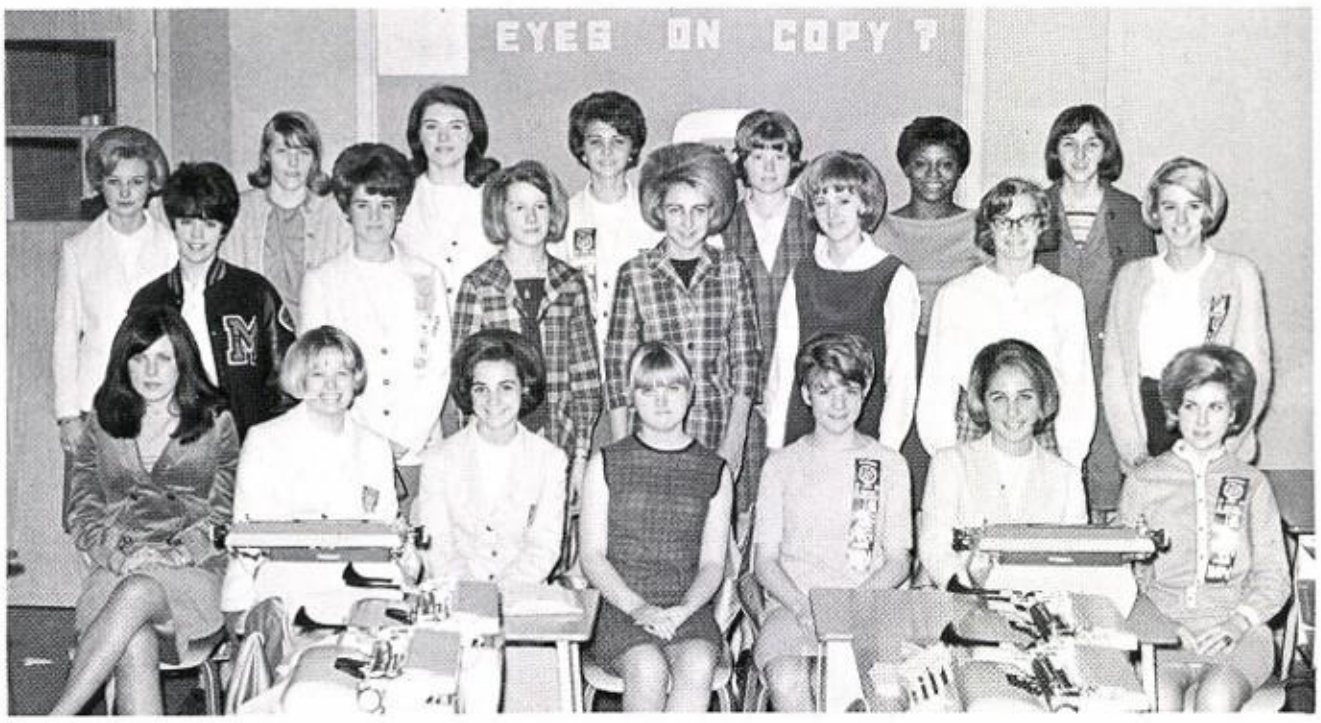
Lighting is important for the best results of a performance. Johnny Brockman creates outstanding lighting effects while being instructed from the balcony.

Much responsibility is placed on the shoulders of the principal members of the stage crew. Johnny Brockman and Morgan Stoddard work diligently to create the best atmosphere for a performance in the auditorium.

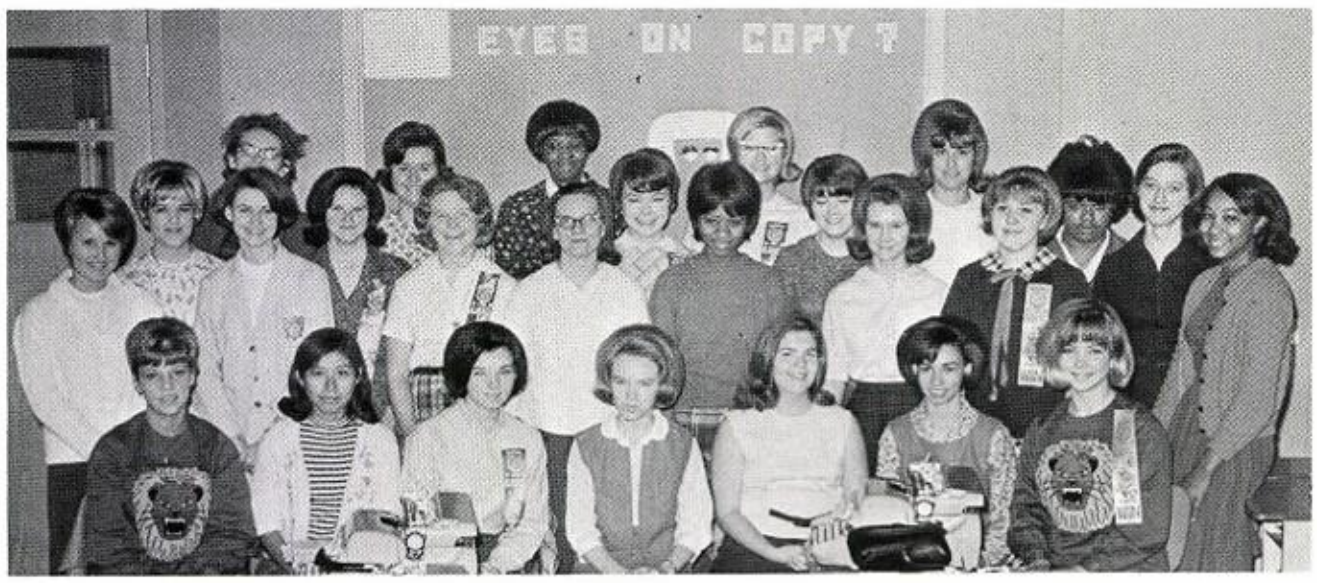


Students Improve Technical Skills

Any program in the auditorium requires the constant attention of qualified persons to adjust lighting, sound, or other equipment instrumental to the activity concerned. Assistance is given to groups who may present plays or other activities. Stage crew members are Johnny Brockman, Micheal Henderson, Morgan Stoddard, Steve Huey, and Wilbur Thomas.



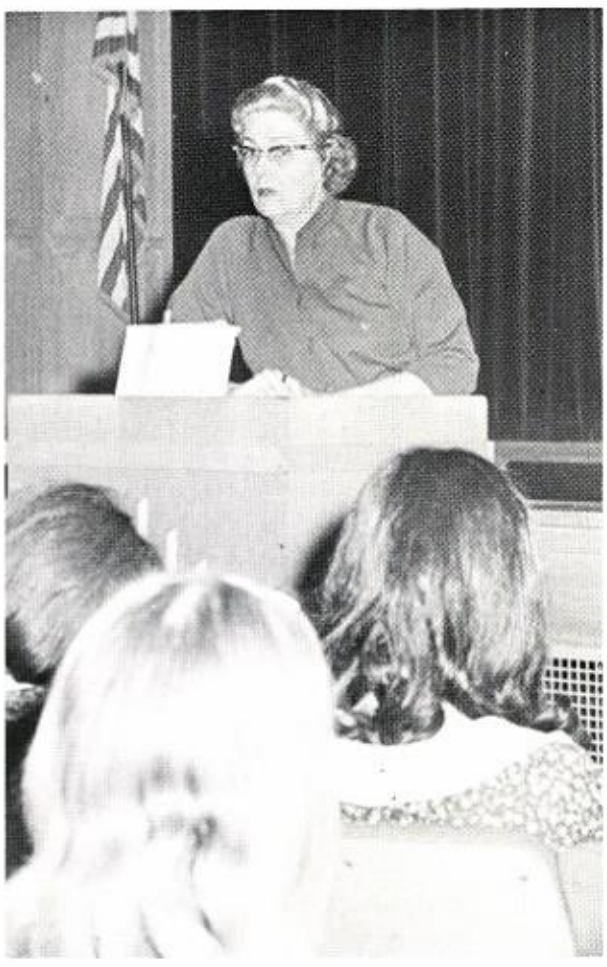
Ye Merrie Stenos' purpose is to promote an interest in secretarial work and to train the girls so that they might become very efficient secretaries. Girls must be taking Secretarial Training to be a member of the organization which has been active in MHS for several years.



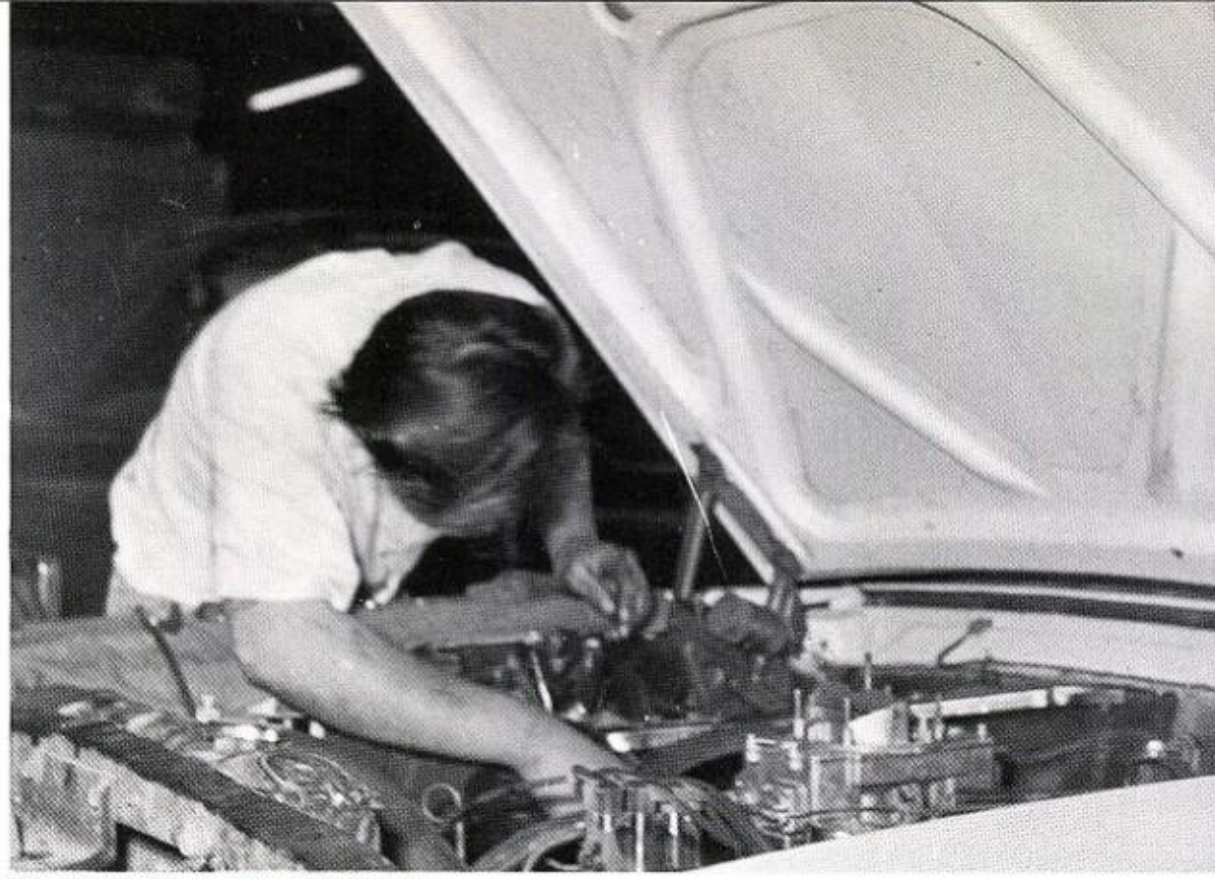
Ye Merrie Stenos' Develop Accuracy and Proficiency

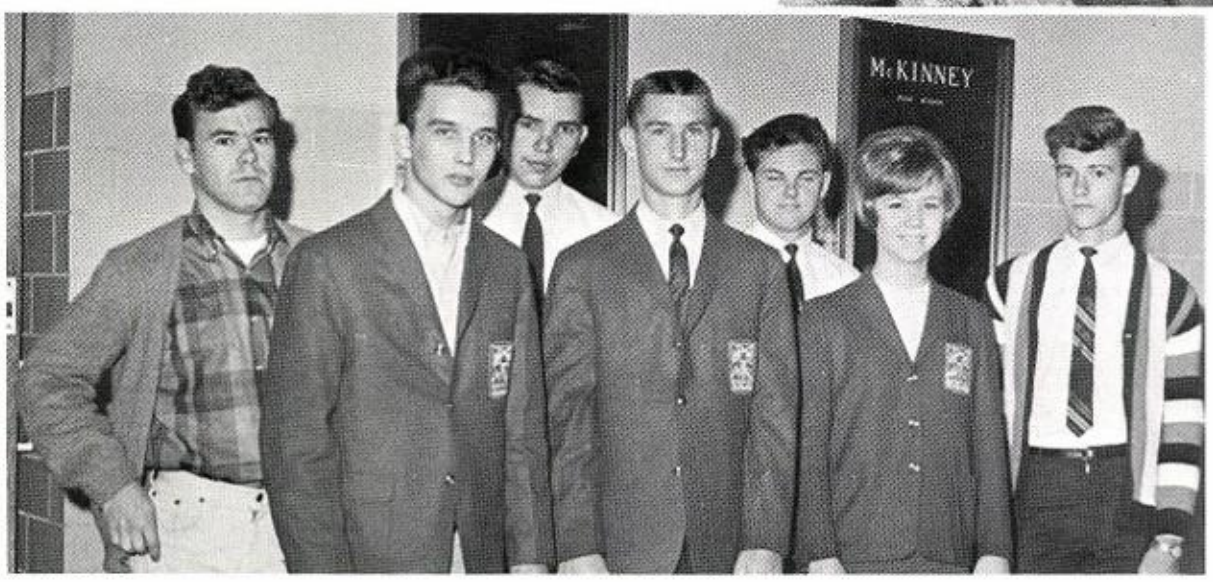
Officers are Linda Mayfield, President; Beth Benton, Vice-President; Robin Stout, Secretary-Reporter; and Kathy Bounds, Treasurer.

During the year Ye Merrie Stenos presents programs in the interest of secretarial work and associated elements. At one of these meetings, Mrs. Julia Walters related to the members the importance of proper dress for job applicants.



Auto Mechanics provides useful skill for profession or hobby. These boys actually repair cars instead of just reading instructions from a text book.

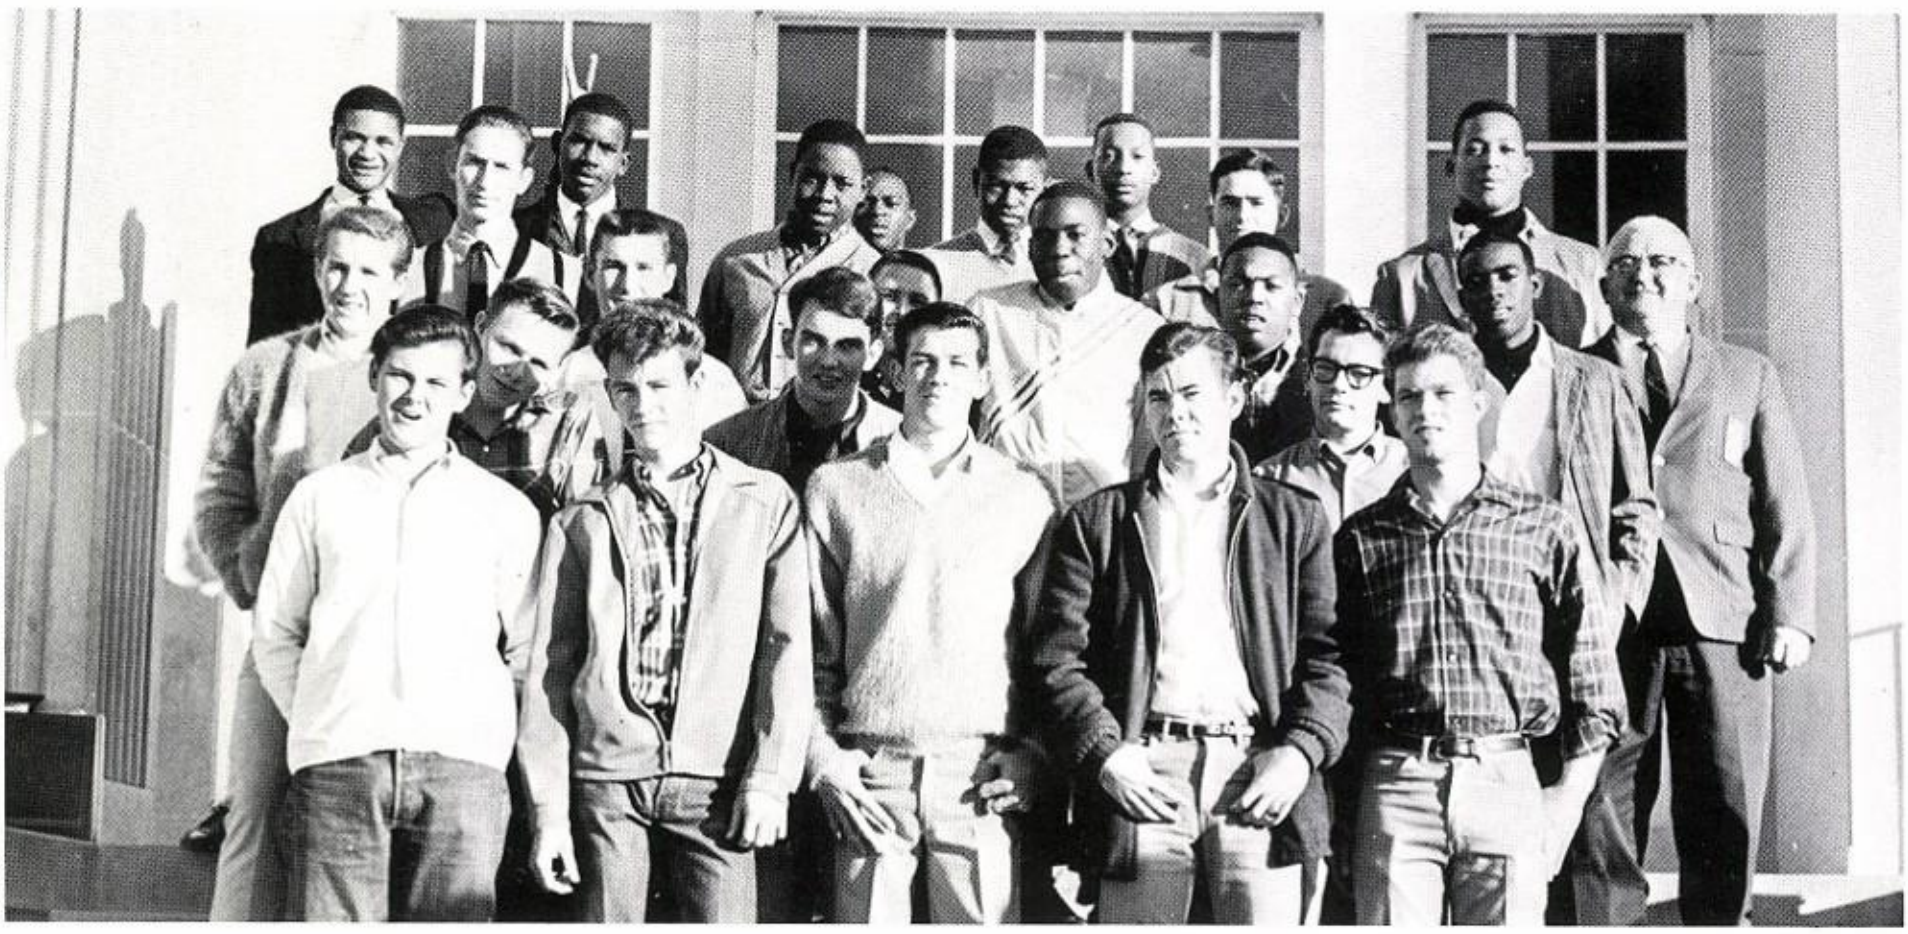




Officers of VIC are Jesse McFarlıng, Parliamentarian; James Craghead, Reporter; Jackie Headrick, Treasurer; Danny Spearman, Vice-President; Johnny Holmes, Sergeant at Arms; Debbie Howell, Sweetheart; and Billy Harris, President.

VIC Members Learn Skills

Vocational Industrial Club's goal is to help promote good citizenship and leadership, build character, and produce a useful member in industrial society. To become a member, one has to be enrolled in either auto mechanics or building trades.



MHS can boast another new organization. The French Club has already become active in the realm of service. Members of the French Club must have taken or must be taking French.

French Club Re-Organized

As a project the French Club displayed exhibits collected by various members of the organization.

Officers for French Club are Sue Monroe, Vice-President; Mariette Miller, Treasurer; Morgan Stoddard, President; and Sally Wysong, Secretary.

Supervising the work of the annual staff to develope the end result, Margaret Bomar, Lion editor, spent many hours perfecting the layout of each page of the yearbook.

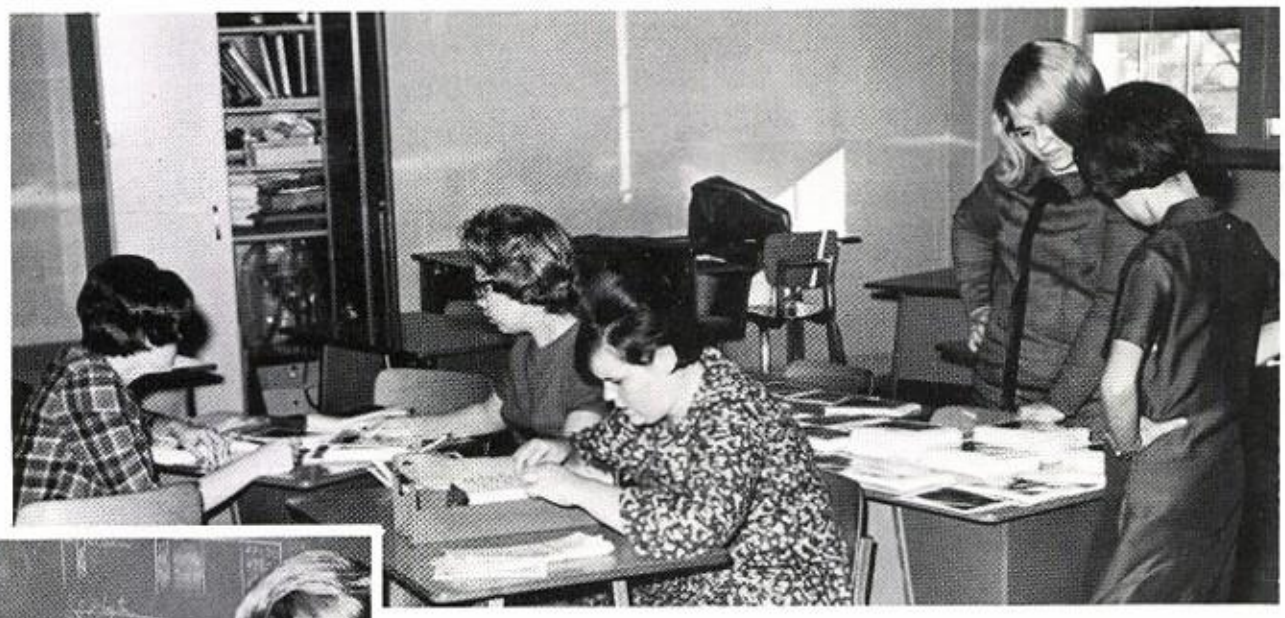
As assistant editor of the 1967 Lion, Connie Myrick offered constructive criticism which is needed to create the best results. Besides her job as assistant editor, Connie was responsible for the sports section.

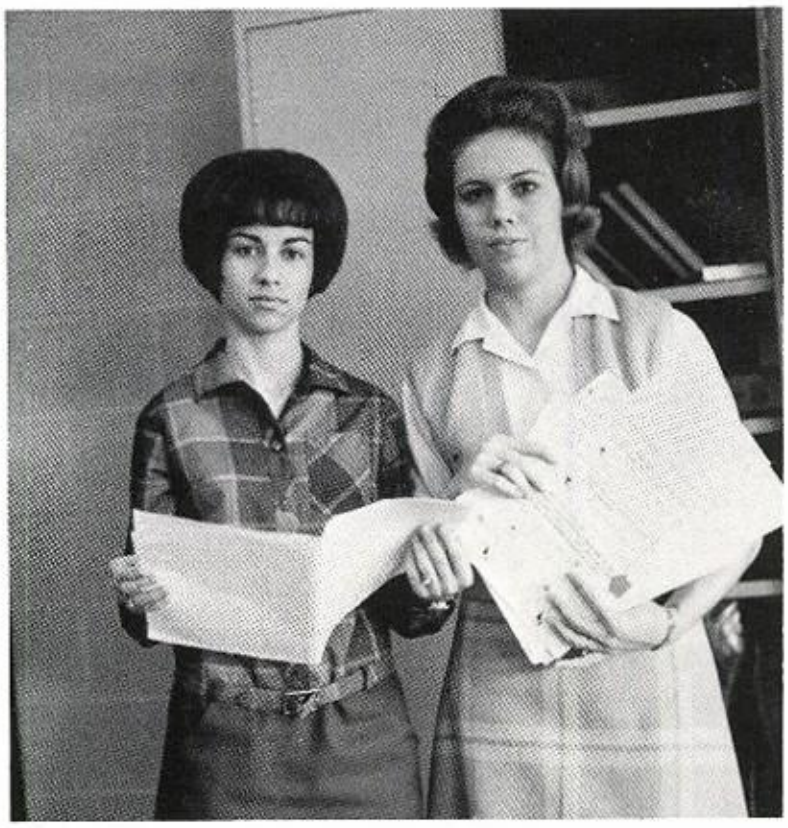
Staff Members and Talents

Initiation of the new members of the annual staff begins with meeting the first deadline in the fall. With this section the members learn the techniques of publishing a yearbook.

Classes is the largest section in the annual; and it, therefore, requires much hard work from hard workers. Janice Cregg, Vicki Copeland, and Martha Williams met these qualifications for the 1967 edition.

One of the projects handled by the yearbook staff to raise funds is student picture taking. Student pictures required much time for the staff to identify and place in appropriate class and homeroom divisions.



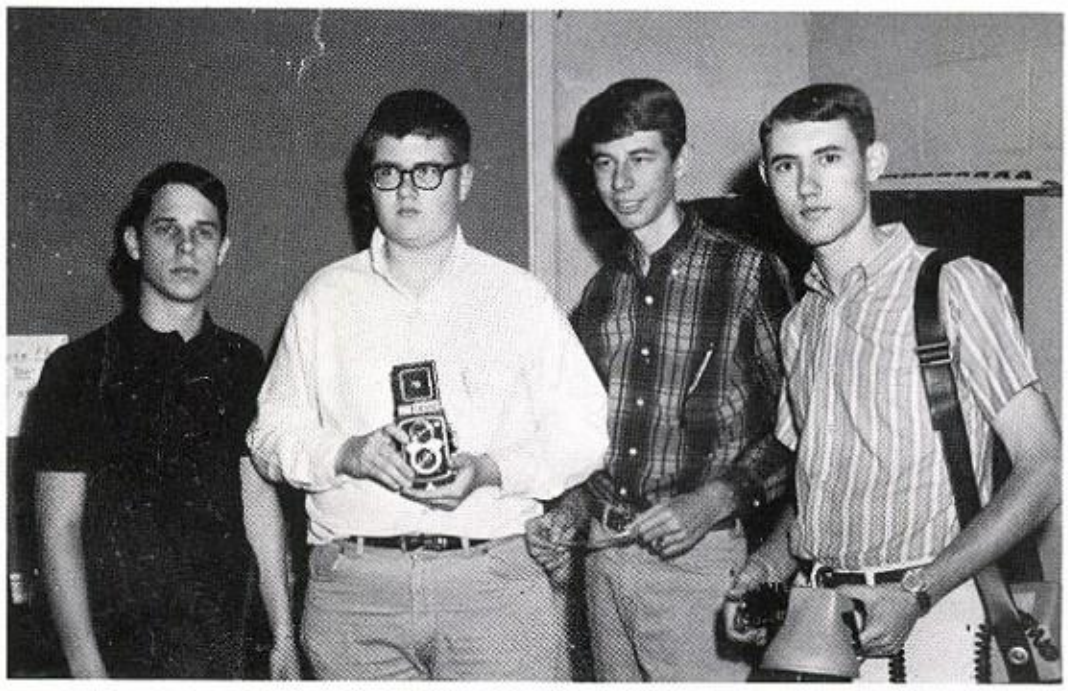


No yearbook would be complete without student recognition for participating in organizations. With the combined efforts of Sara Jenkins and Carol Fowler, the organizations section has been assembled to best emphasize each club's activities.

Utilize Time on School Publication

Besides her position as editor, Margaret Bomar, with the aid of Robin Stout, heads the personality section as well as the new addition, Lionsville. Since typing is necessary, Robin has given much service in this area.

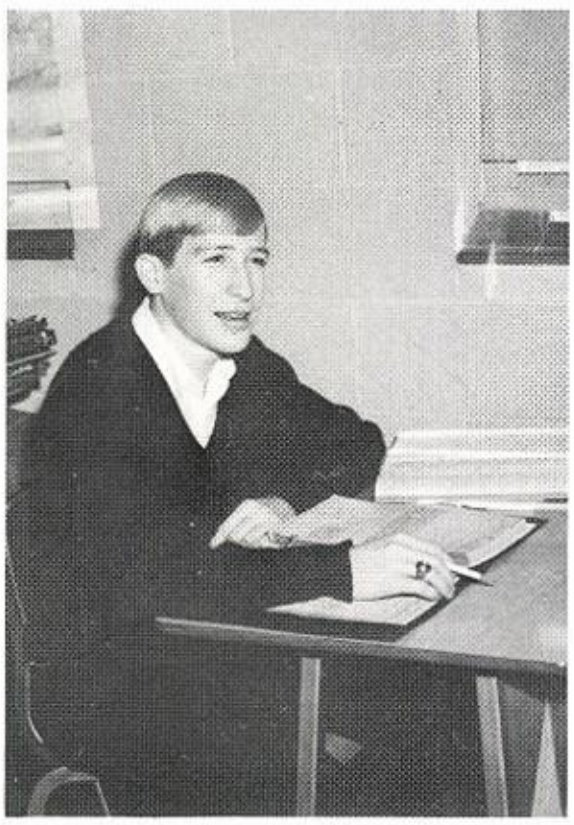
Mr. Arthur H. McNeil, faculty advisor for the Lion, is a constant reminder of approaching deadlines and a constant help to the staff. Mr. McNeil's ability in photography makes it possible to acquire good pictures for the yearbook.



Pictures are the prime element in any yearbook. Mike Abernathy, Johnny Brockman, Si Bradley, and Kenneth Branch have exhibited their talents in this edition of the Lion.

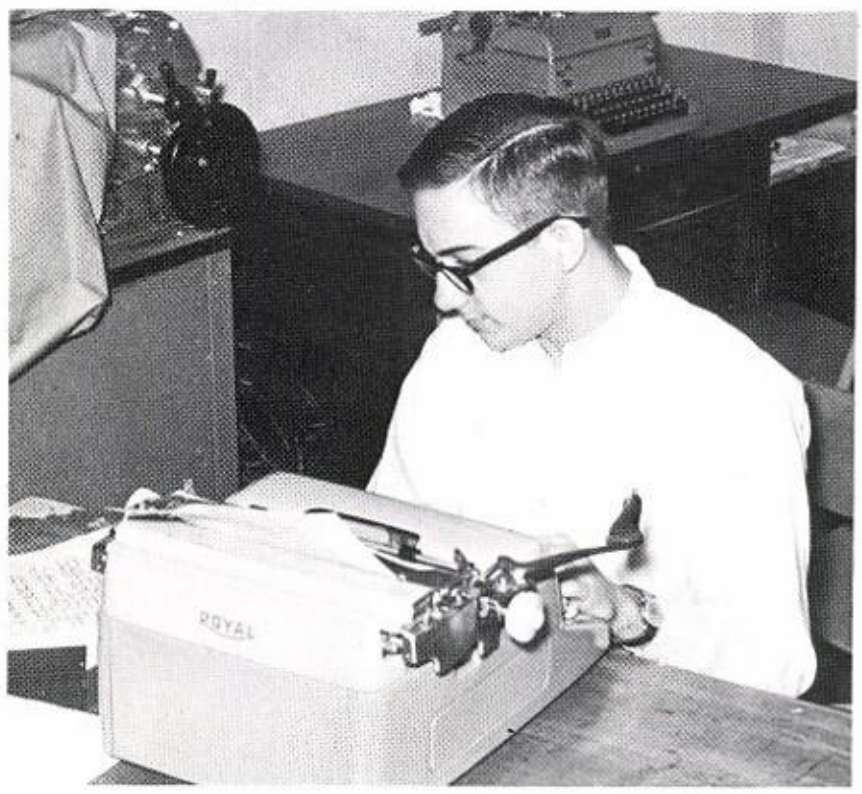
In March the annual staff works diligently to complete the last pages of the yearbook. Each member renders aid to anyone needing help to complete the final shipment.

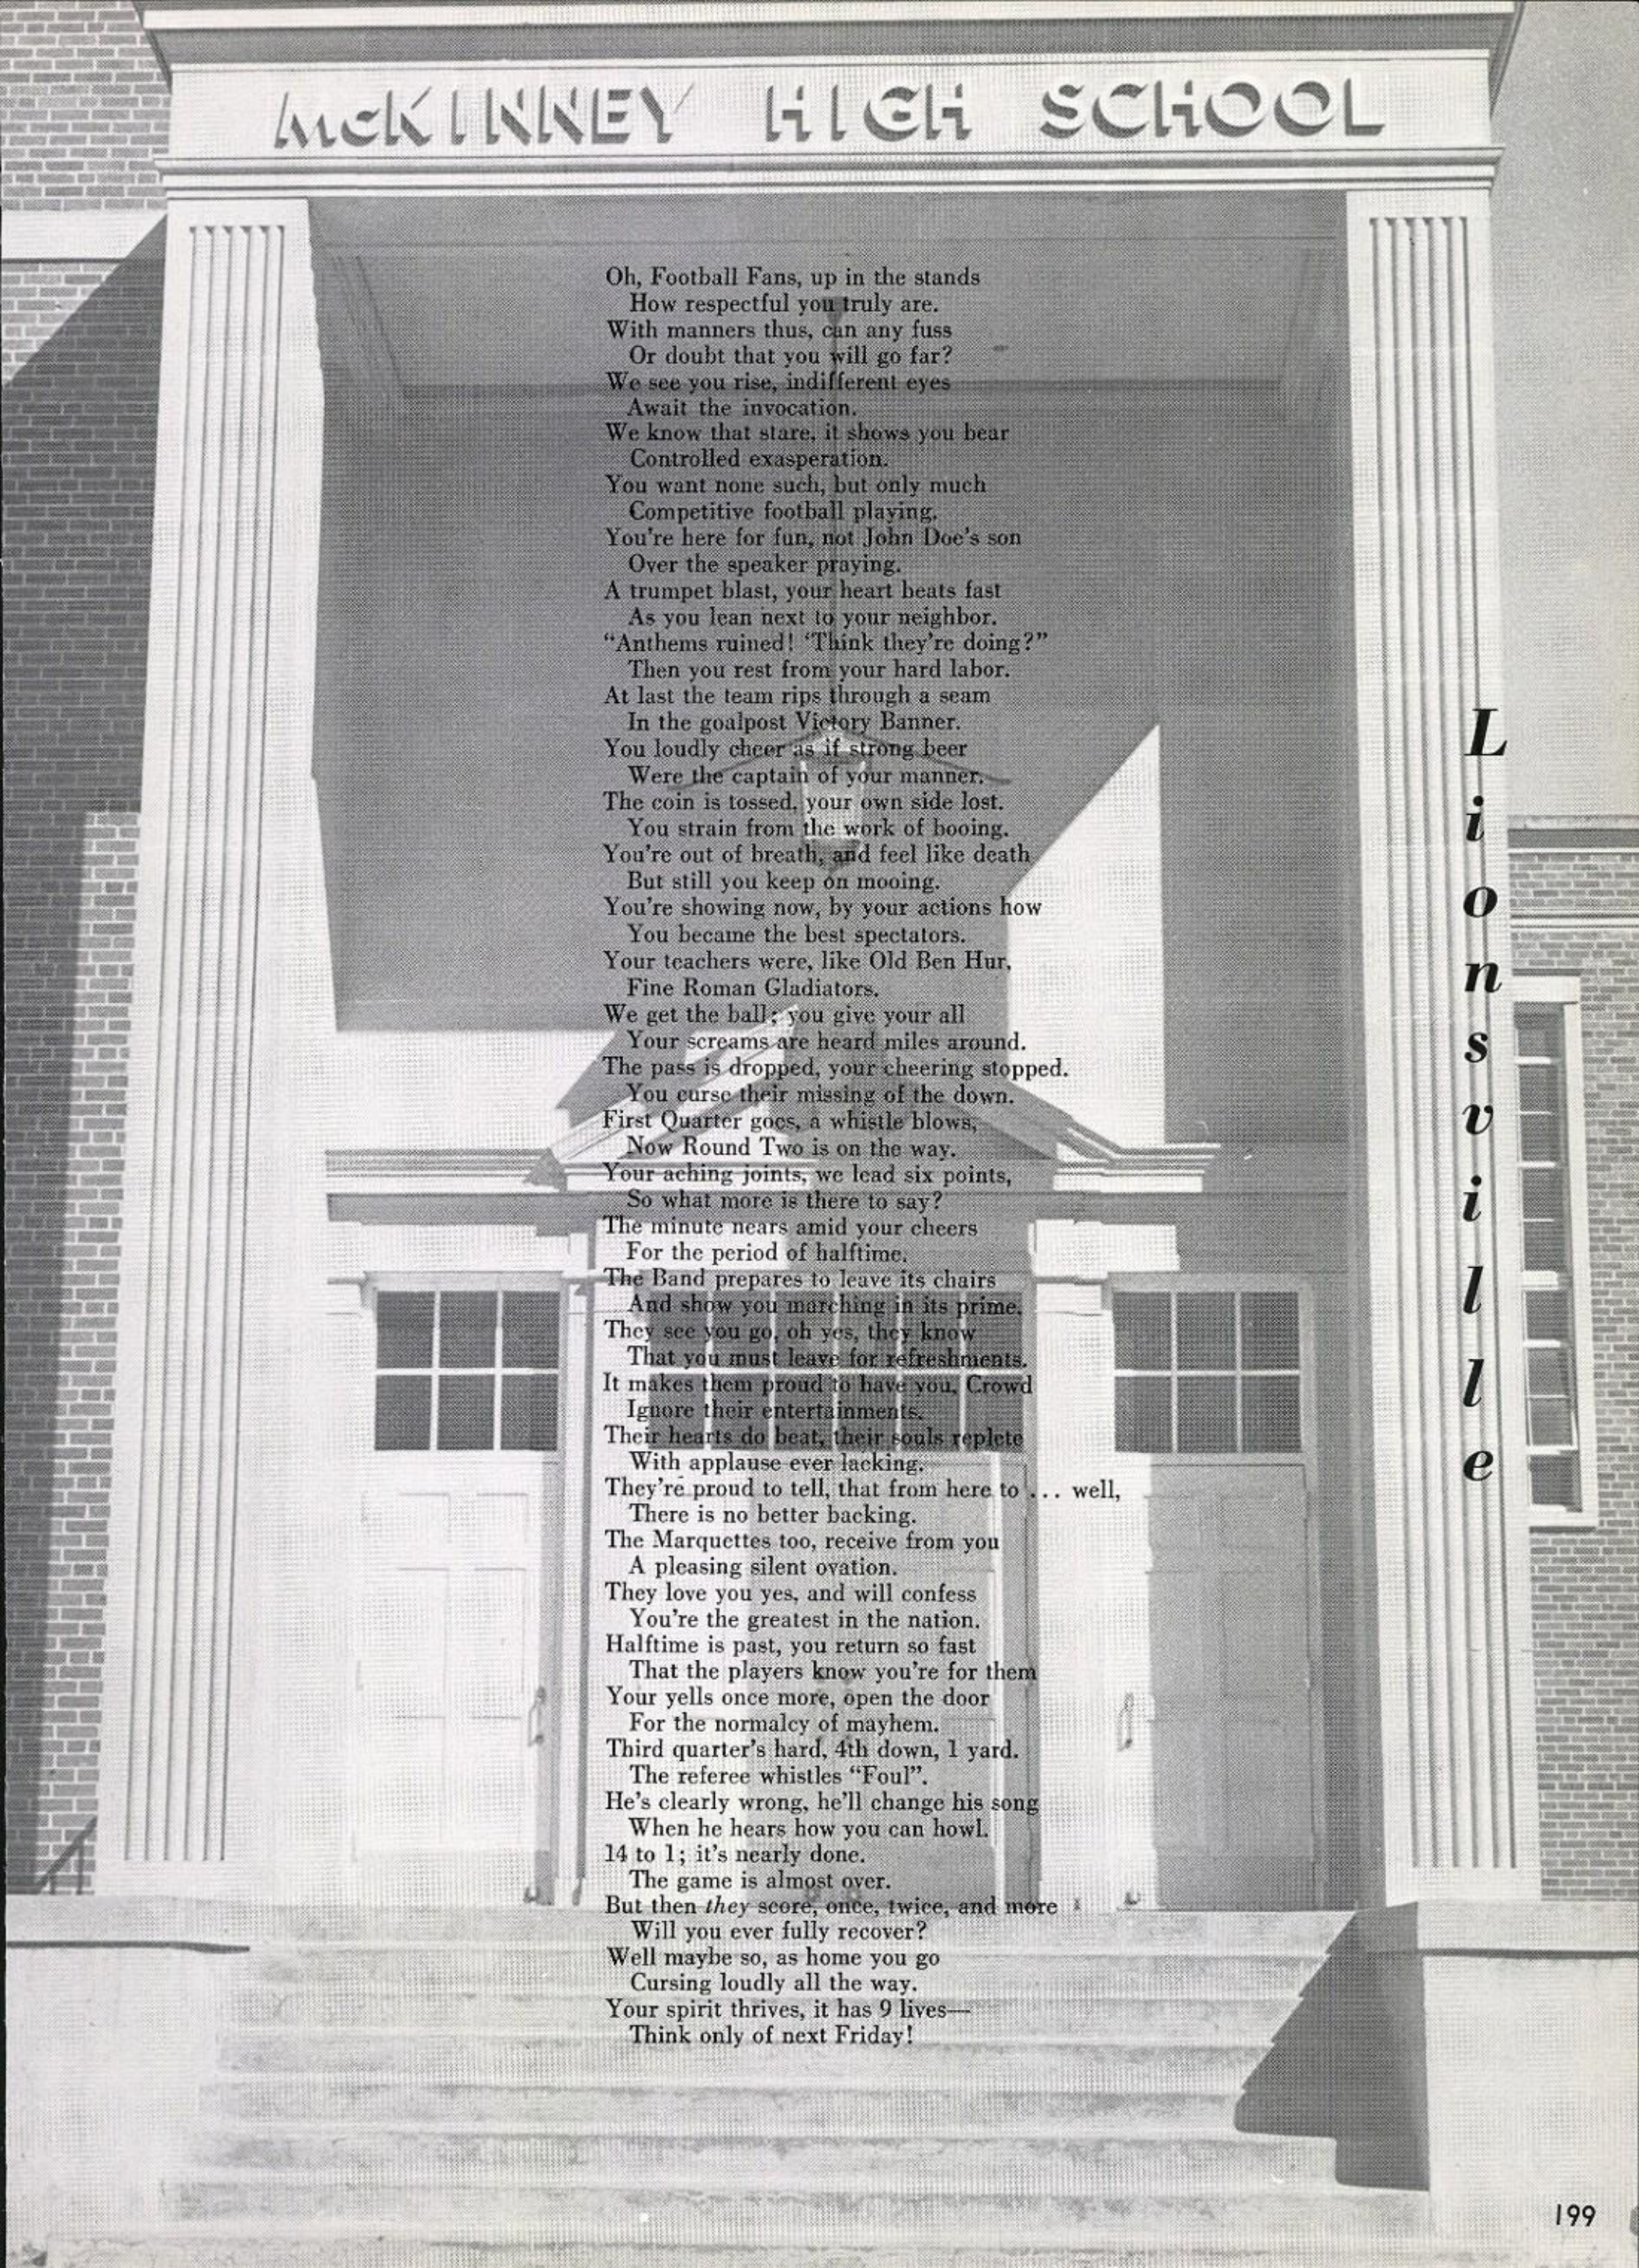
Staff Strives to Meet Deadlines



Assisting the sports editor, Scott Wilson offered much help in statistics. Besides his help with sports, Scott was in charge of the index.

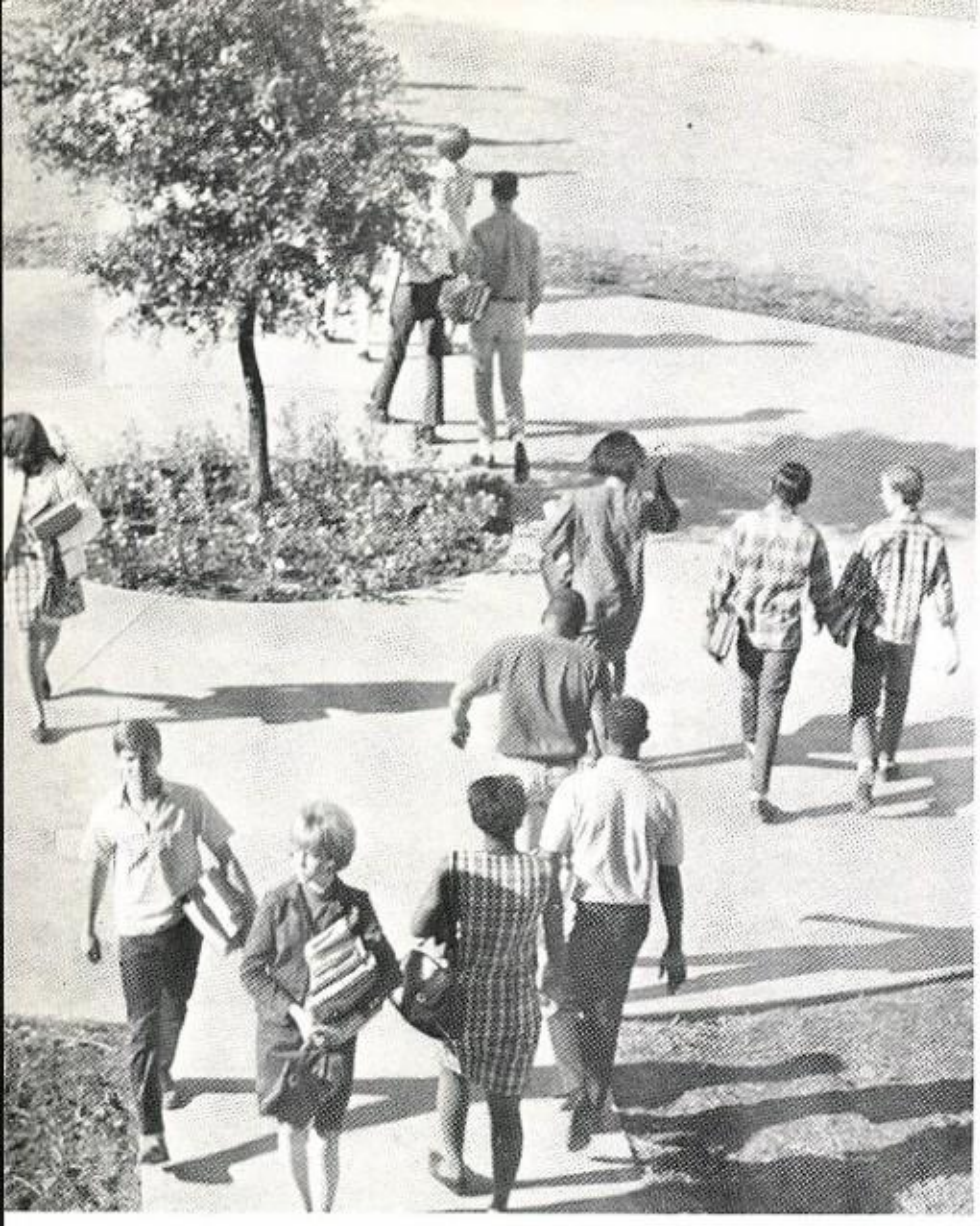
Special recognition has been earned by Robert Tucker, a junior, as "poet" for The 1967 Lion. He may be accredited for much time and talent spent on the poems for the division pages.

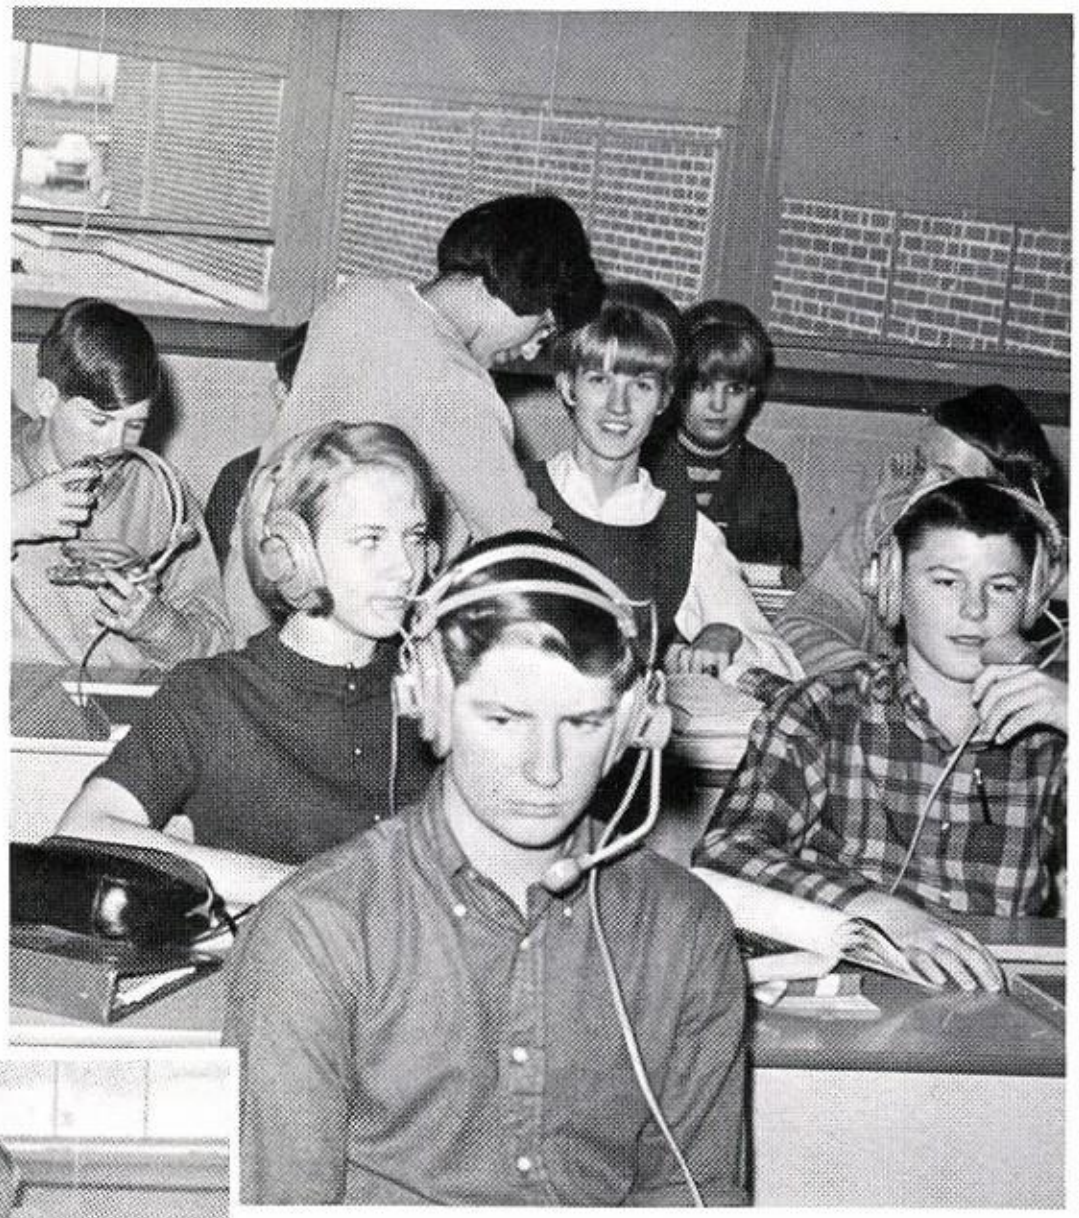




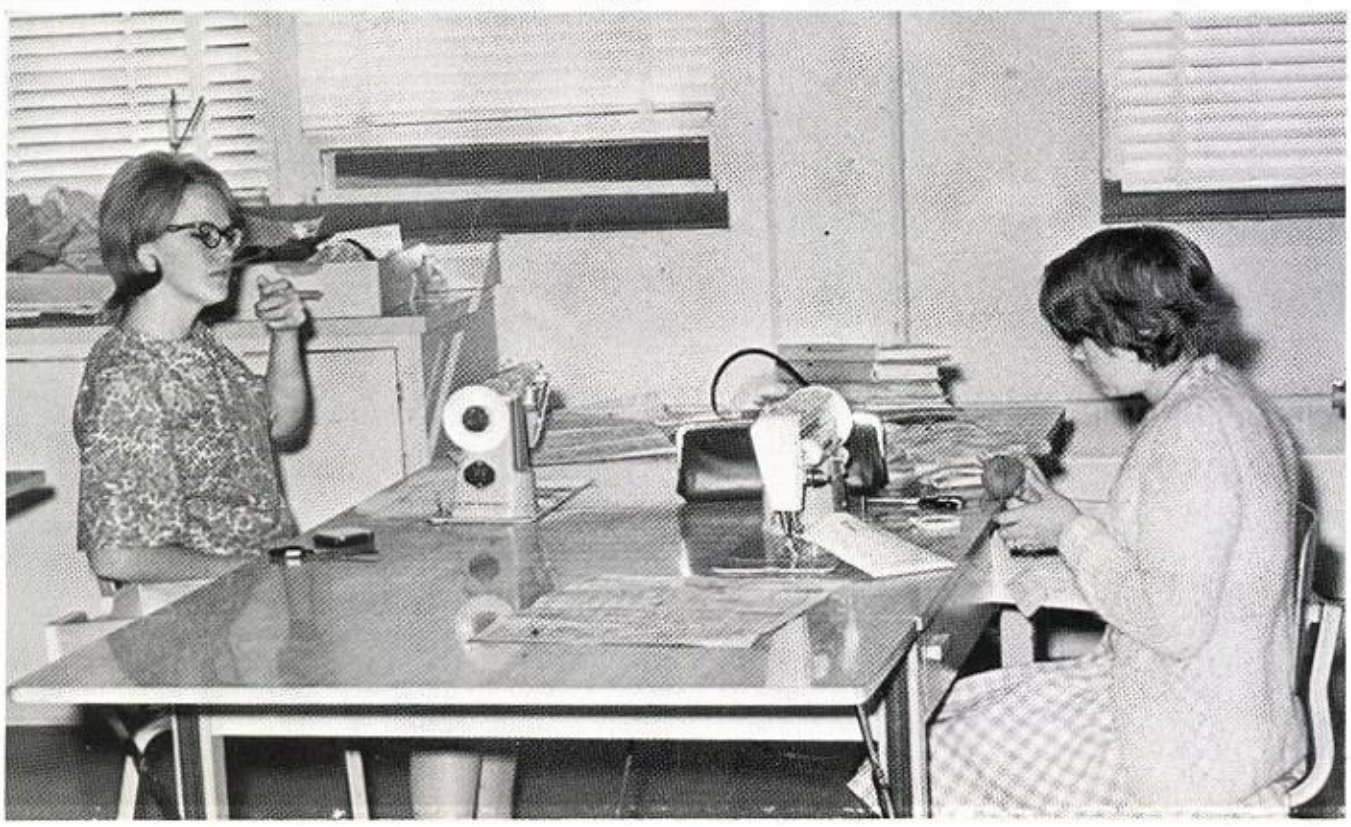
Oh, Football Fans, up in the stands
How respectful you truly are.
With manners thus, can any fuss
Or doubt that you will go far?
We see you rise, indifferent eyes
Await the invocation.
We know that stare, it shows you bear
Controlled exasperation.
You want none such, but only much
Competitive football playing.
You're here for fun, not John Doe's son
Over the speaker praying.
A trumpet blast, your heart beats fast
As you lean next to your neighbor.
"Anthems ruined! 'Think they're doing?"
Then you rest from your hard labor.
At last the team rips through a seam
In the goalpost Victory Banner.
You loudly cheer as if strong beer
Were the captain of your manner.
The coin is tossed, your own side lost.
You strain from the work of booing.
You're out of breath, and feel like death
But still you keep on mooing.
You're showing now, by your actions how
You became the best spectators.
Your teachers were, like Old Ben Hur,
Fine Roman Gladiators.
We get the ball; you give your all
Your screams are heard miles around.
The pass is dropped, your cheering stopped.
You curse their missing of the down.
First Quarter goes, a whistle blows,
Now Round Two is on the way.
Your aching joints, we lead six points,
So what more is there to say?
The minute nears amid your cheers
For the period of halftime.
The Band prepares to leave its chairs
And show you marching in its prime.
They see you go, oh yes, they know
That you must leave for refreshments.
It makes them proud to have you, Crowd
Ignore their entertainments.
Their hearts do beat, their souls replete
With applause ever lacking.
They're proud to tell, that from here to . . . well,
There is no better backing.
The Marquettes too, receive from you
A pleasing silent ovation.
They love you yes, and will confess
You're the greatest in the nation.
Halftime is past, you return so fast
That the players know you're for them
Your yells once more, open the door
For the normalcy of mayhem.
Third quarter's hard, 4th down, 1 yard.
The referee whistles "Foul".
He's clearly wrong, he'll change his song
When he hears how you can howl.
14 to 1; it's nearly done.
The game is almost over.
But then *they* score, once, twice, and more
Will you ever fully recover?
Well maybe so, as home you go
Cursing loudly all the way.
Your spirit thrives, it has 9 lives—
Think only of next Friday!

Lions Pride

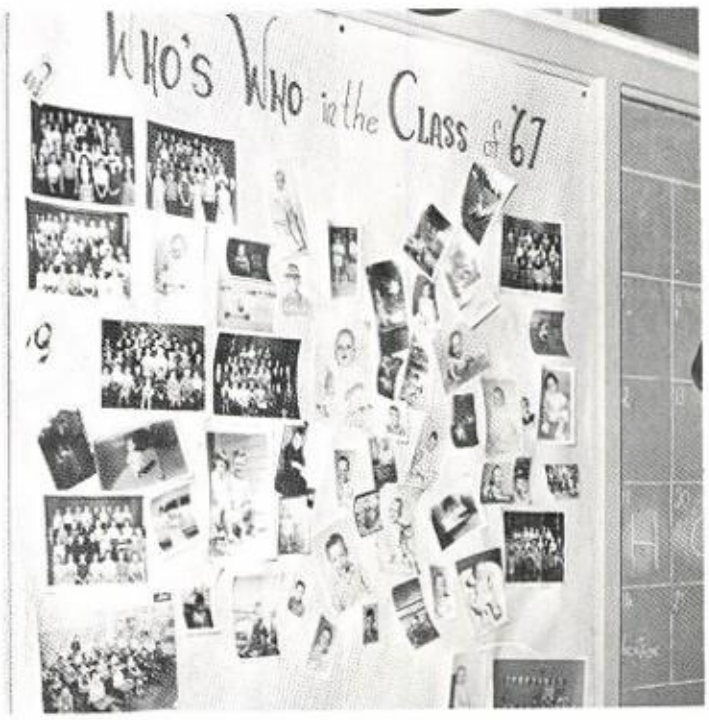


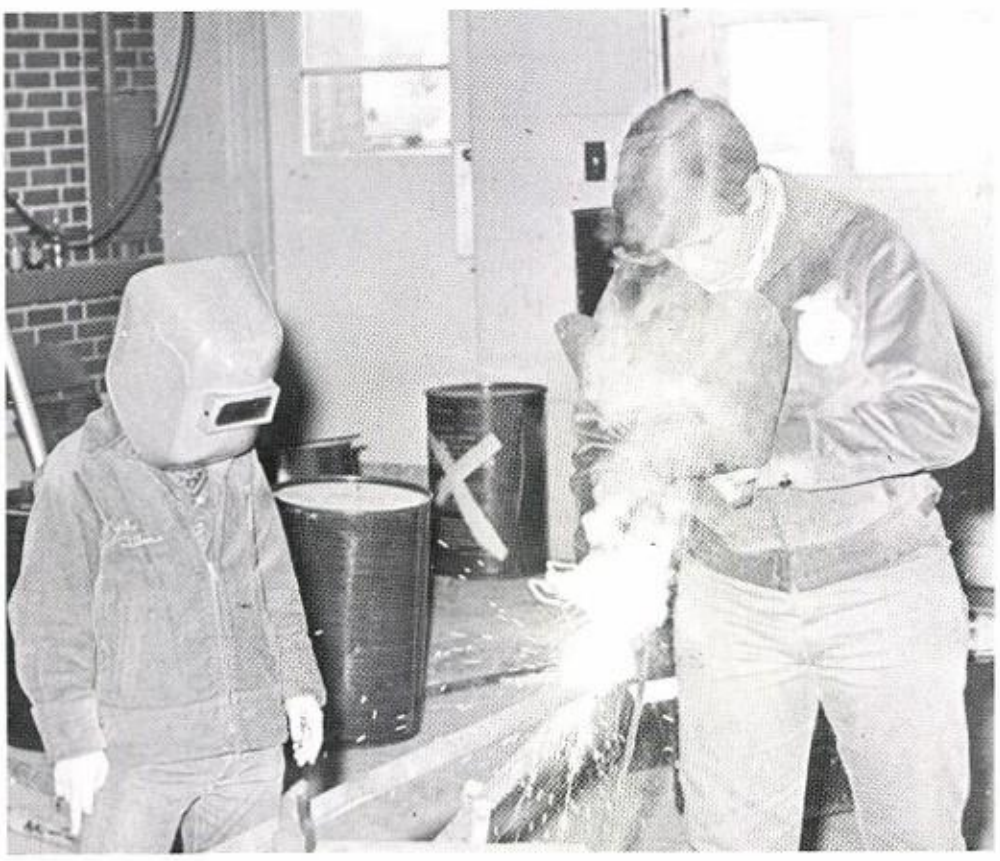


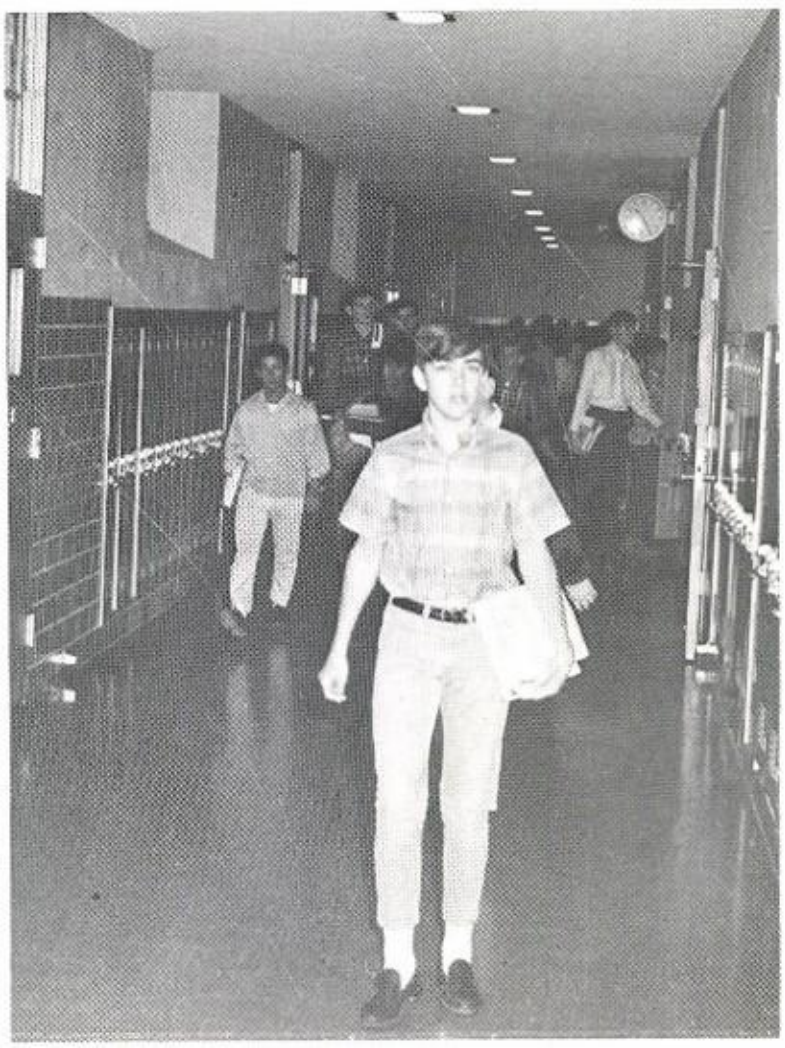
At MHS the aim is to make available knowledge that others have accumulated and the facilities using it. Whether a student is training for domestic life, business, or college and a future career, he is able to advance his skills and ideas through various electives offered. Learning is a product of practice, reasoning, study, and use.



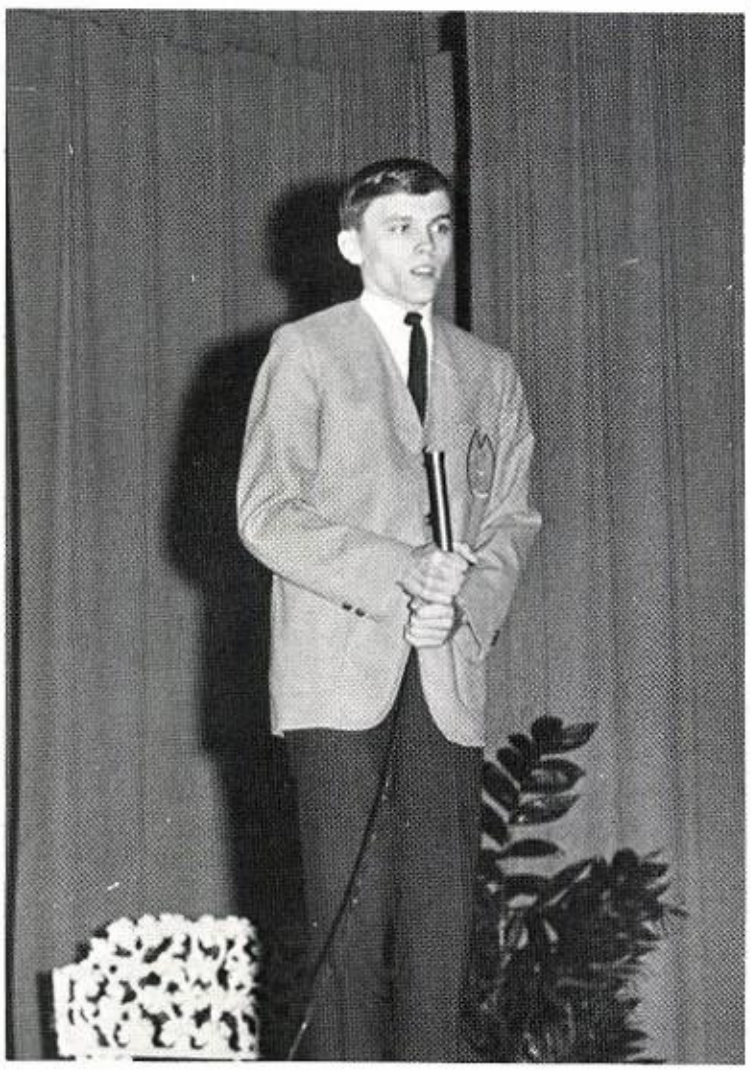
Electives Utilized at MHS

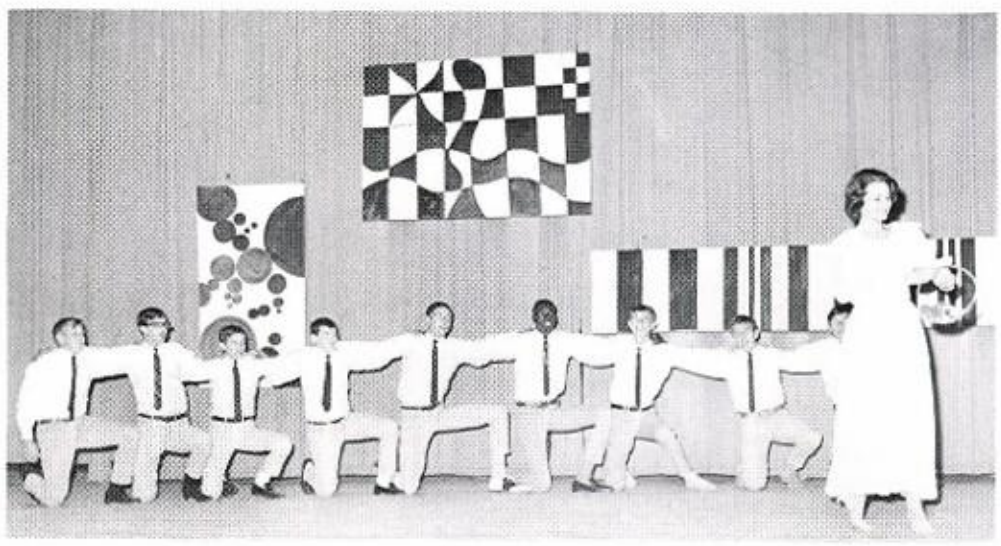


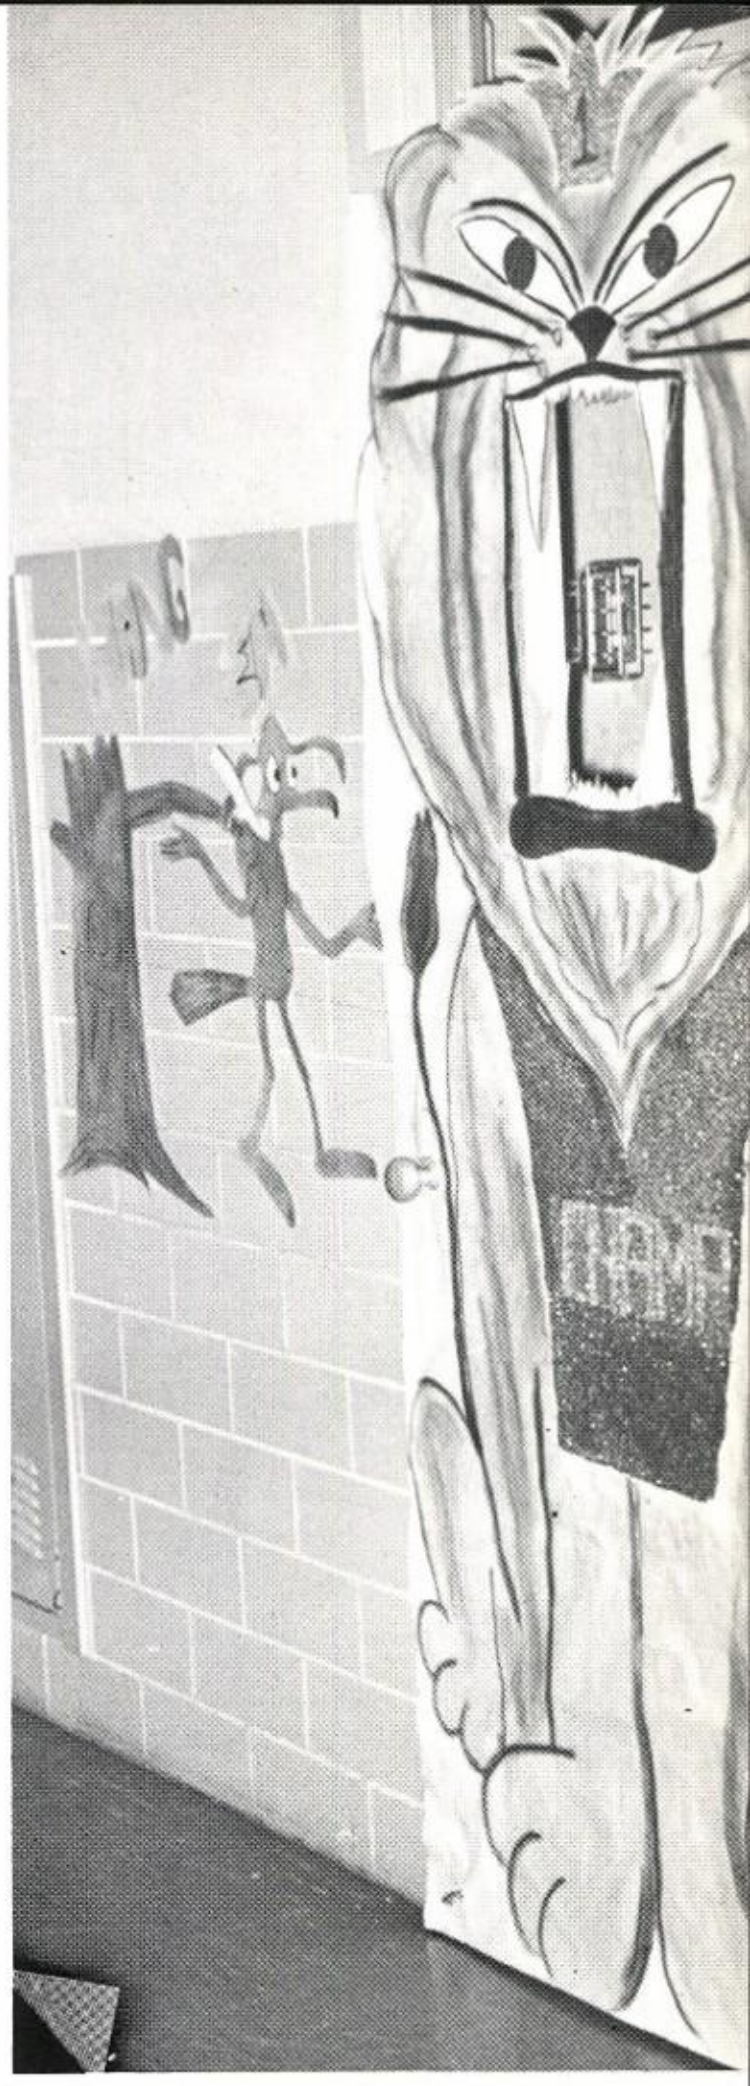




Creative Arts Entertain . . .

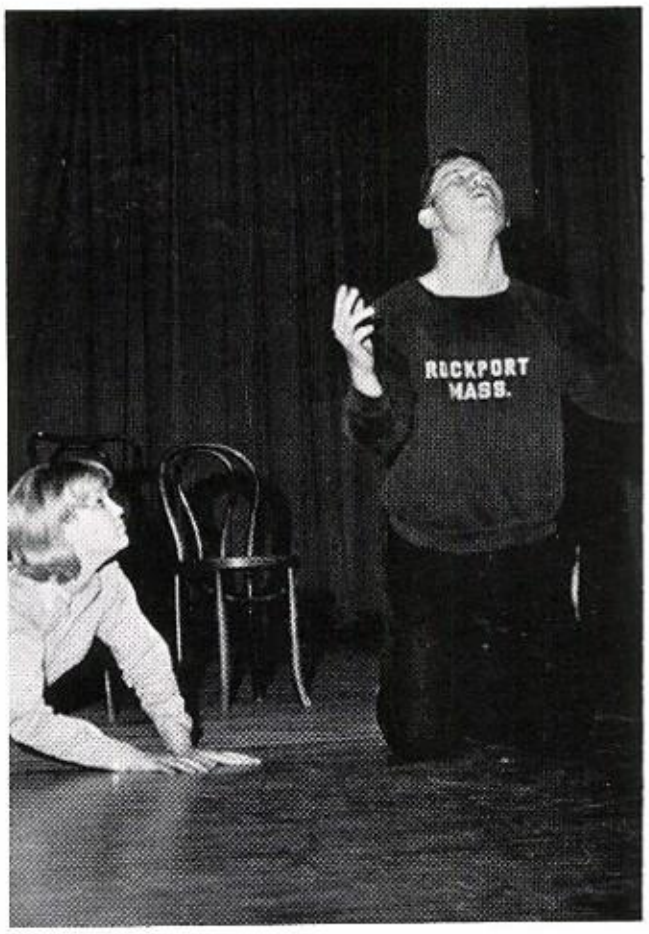


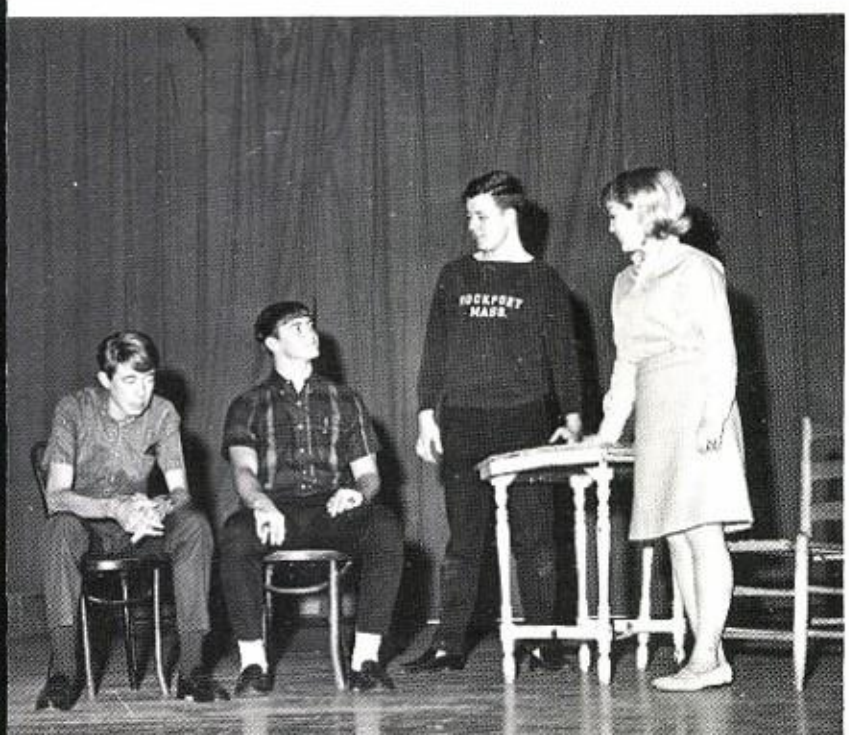


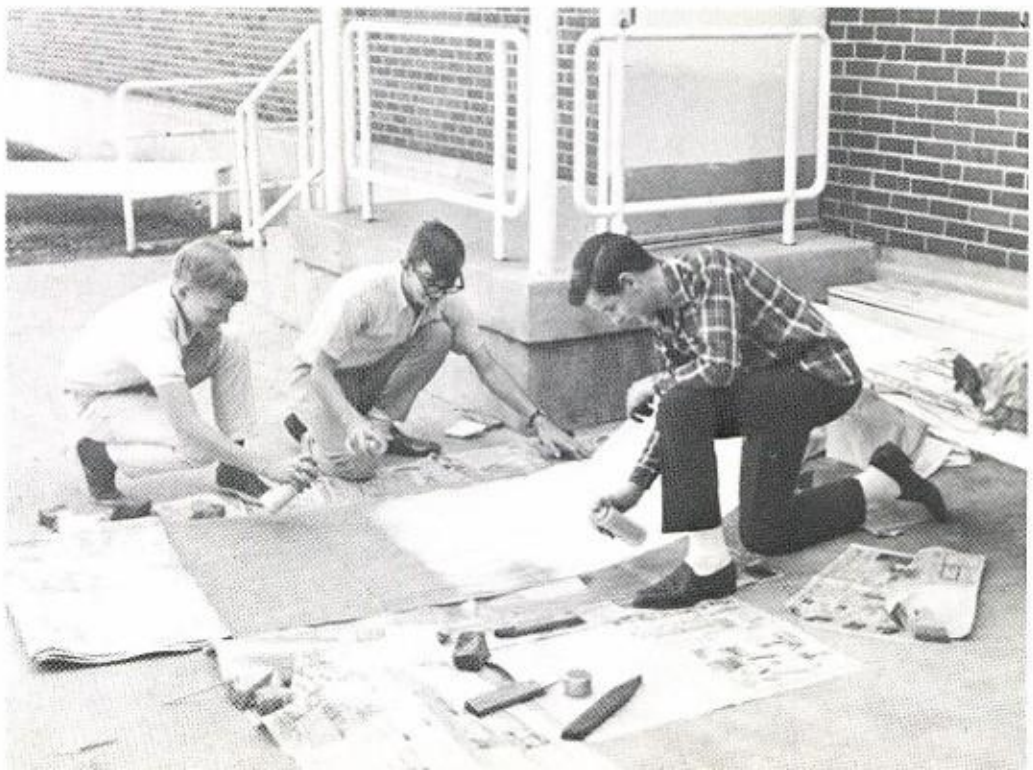


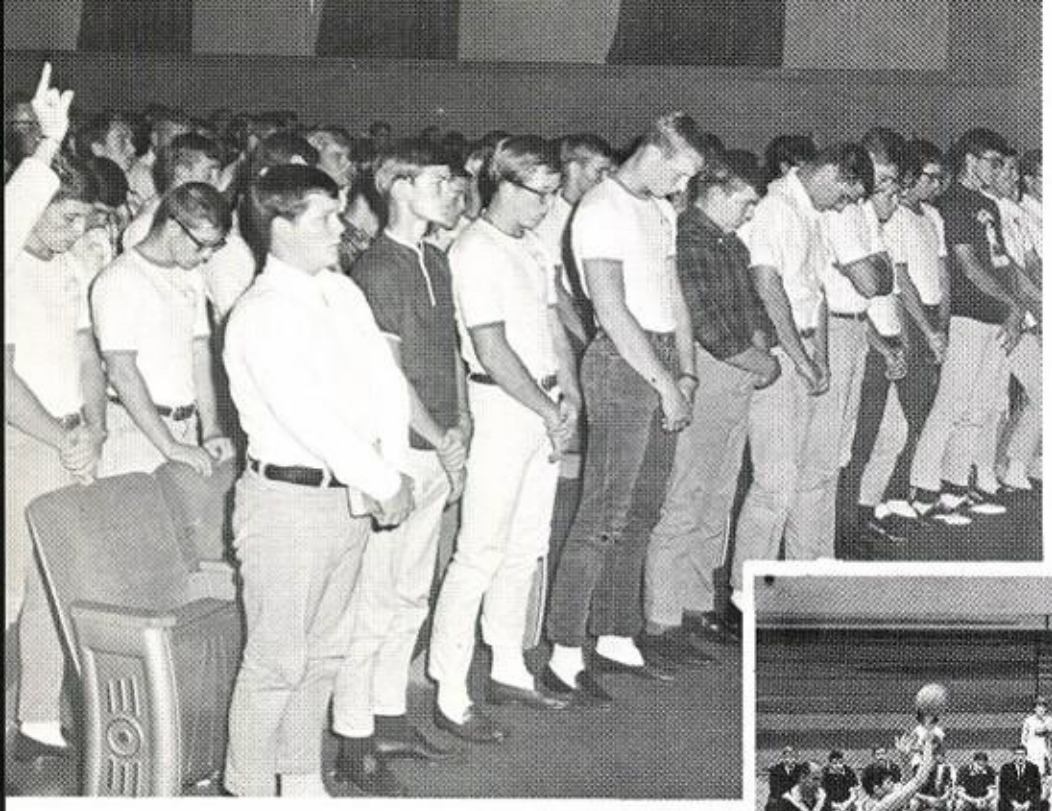
Students

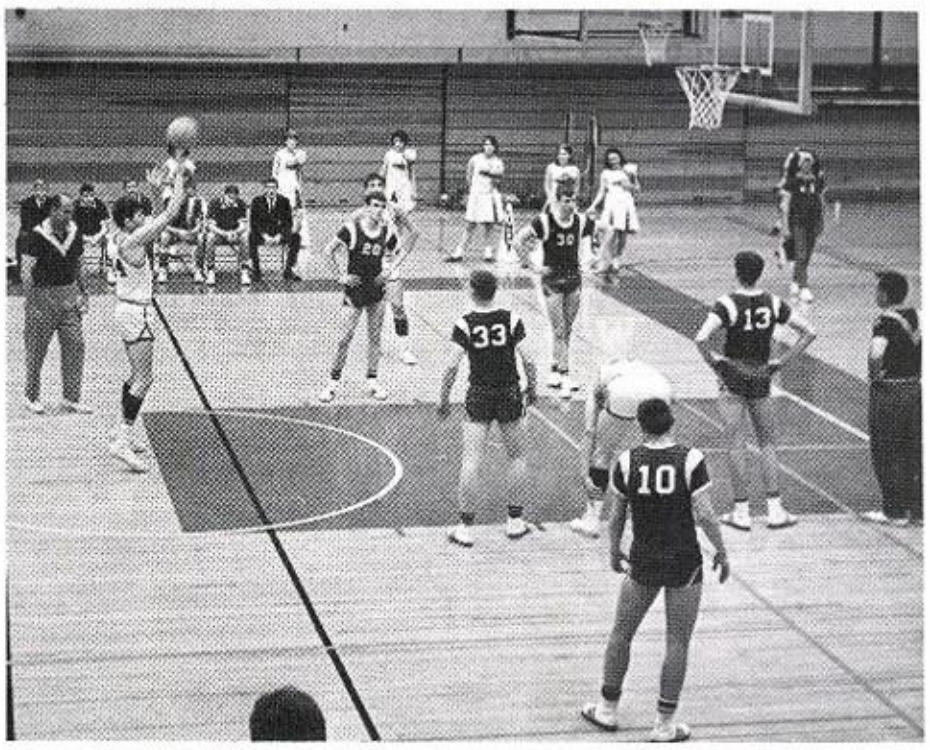
Among our many talented students at MHS, we find those proficient in music, art, and drama. Whether presented individually, or as a group, organization, or class, arts and talents are displayed annually for entertainment to the student body and are generally most welcome. Culture, as well as knowledge, must be developed for students to be better qualified for life's duties..



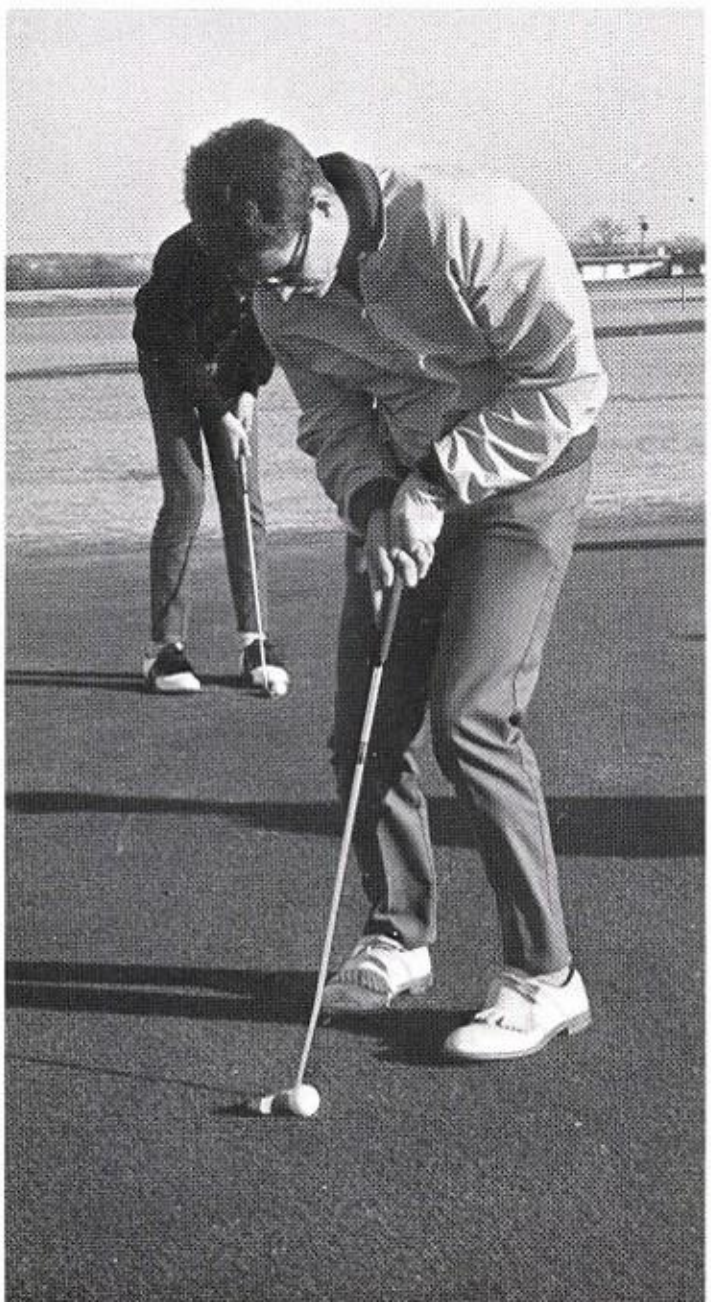








McKinney High School Emphasizes Sports Throughout the Year



Traditionally, "Our LIONS are the best!" However, this year's teams were better than best. In football, the '66-'67 LIONS went all the way to state finals being scored against by only 16 points. Our basketball Varsity Team went to regional —farther than any team from McKinney had gone in the past twenty-six years. In track, golf, and baseball our teams maintained fine standings. Through cooperation from students, teachers, and citizens of the surrounding areas, MHS LIONS have been able to keep their goals high and their victories many.

The Mighty Lions
The Mighty Lions
We are proud of our football team.
And think they are great.
The way they fight to win a game.
We just can't estimate.
We are known as the "MIGHTY LIONS"
To win is our only aim.
We go out with the right attitude.
To play the game fairly.
Many fans are backing us.
To show they really care.
They know we do our very best.
To win but still play fair.
The season's growing very short.
So the hardest we will fight.
To win the rest of all the games.
And go with all our might.

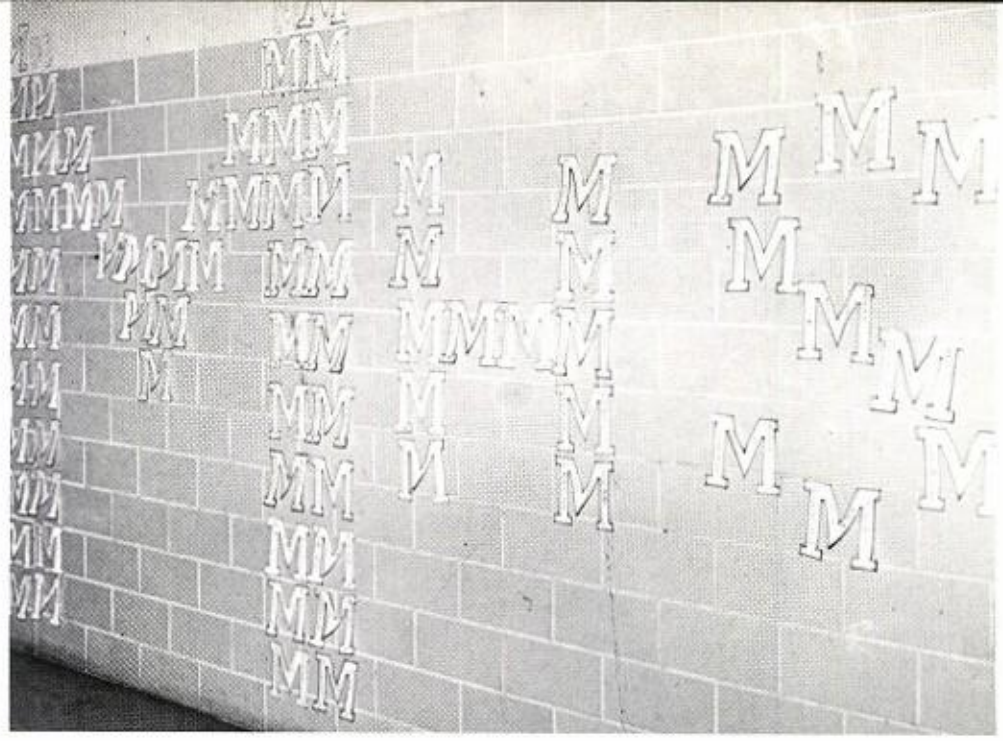
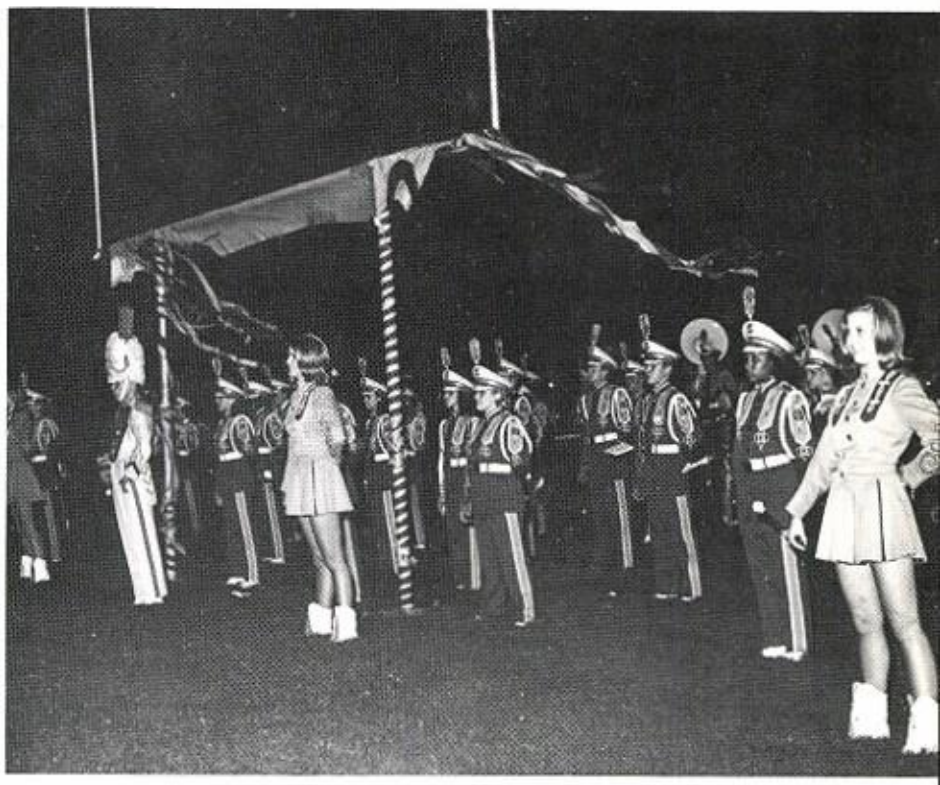
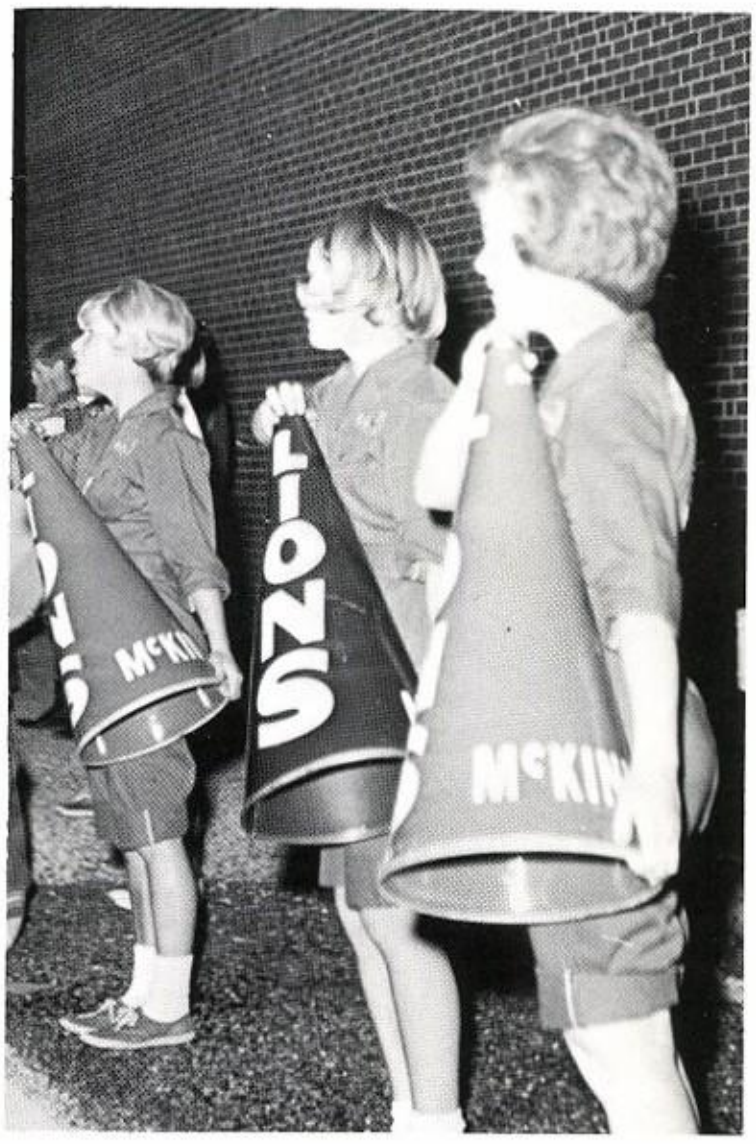
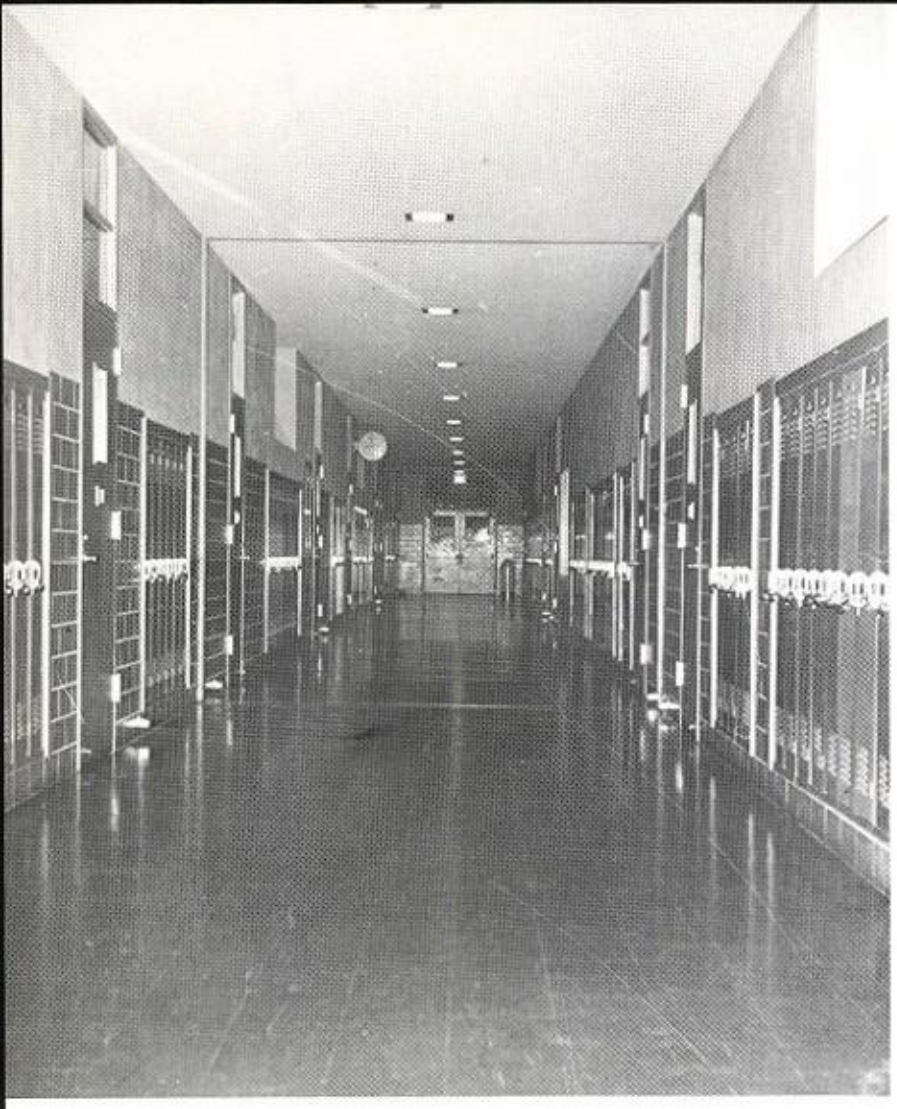
Spirit Is Traditional



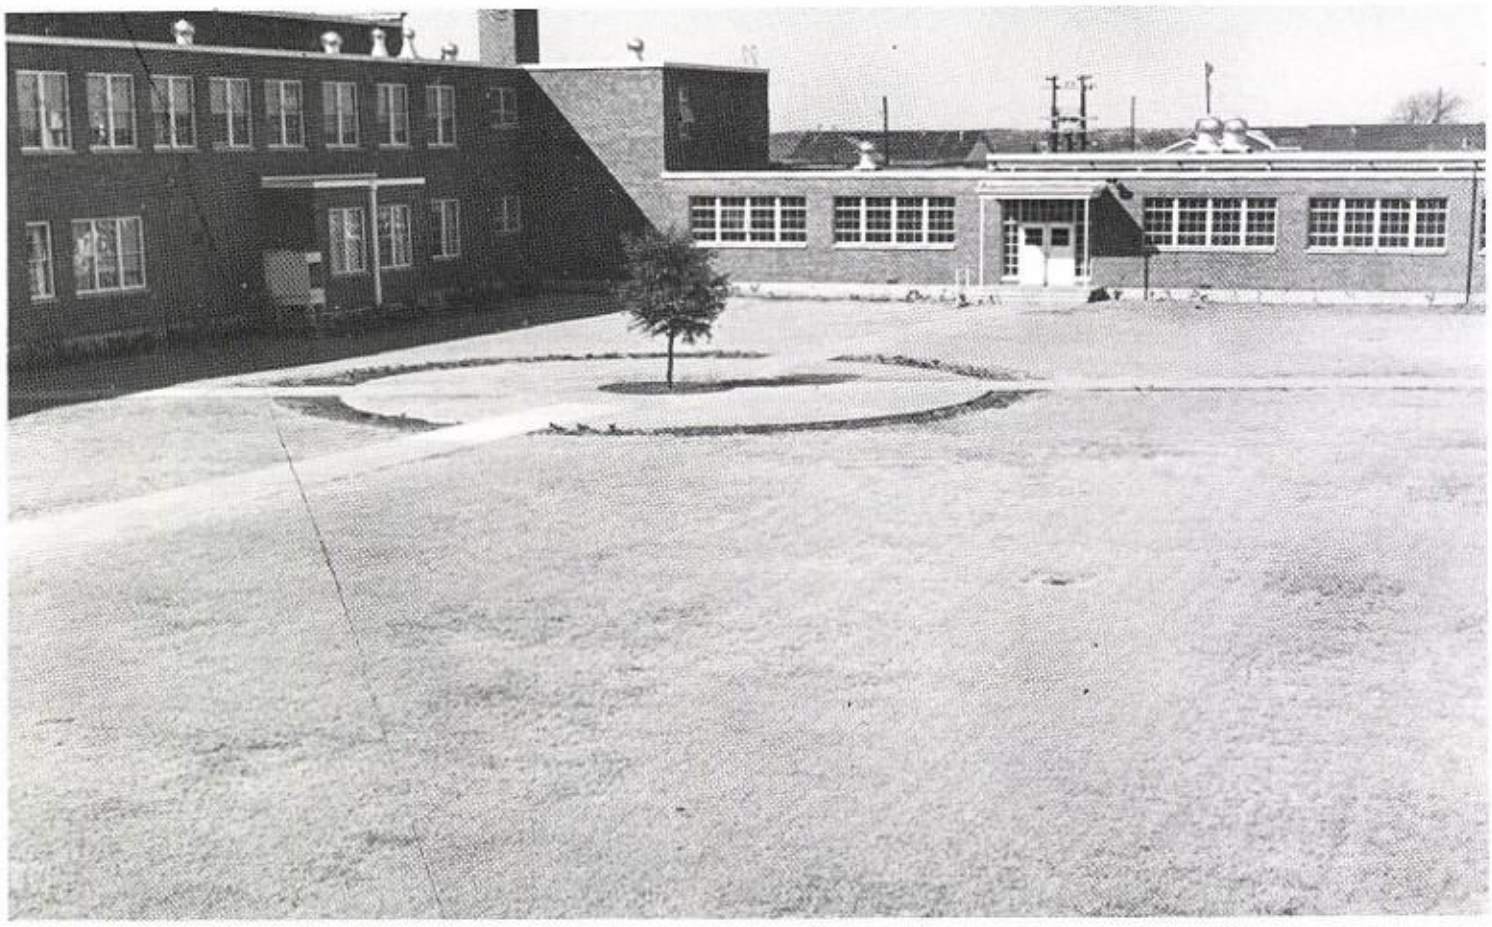
Year after year school spirit grows; McKinney High School students cannot help but feel the overwhelming burst that hits them upon entering as a freshman or that which they miss upon graduation as seniors. Tradition has gathered a new trend this year, sports have encouraged more enthusiasm and arts have allowed students to express this enthusiasm. Without spirit, no school could have as great a year as MHS has in 1966-67.

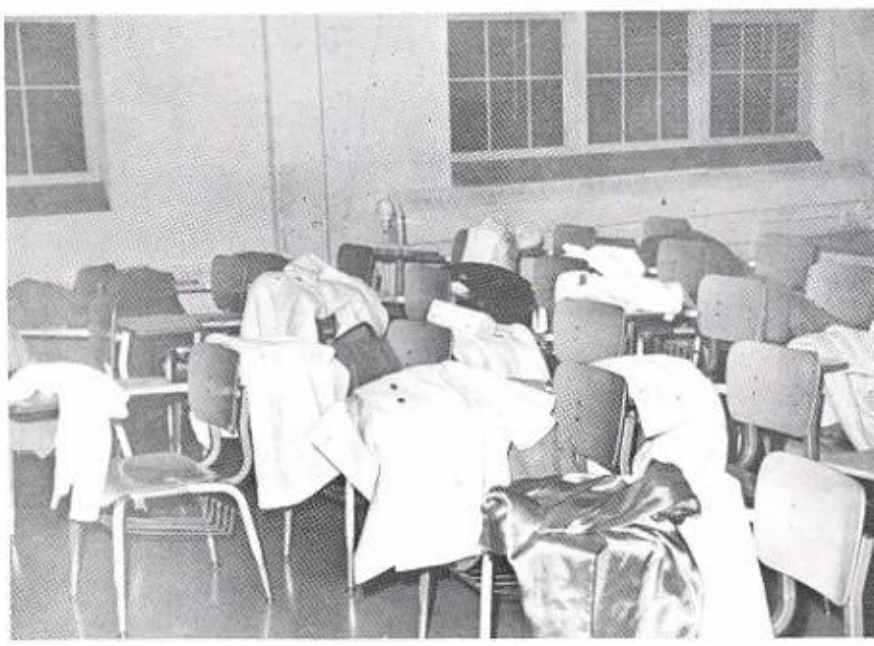




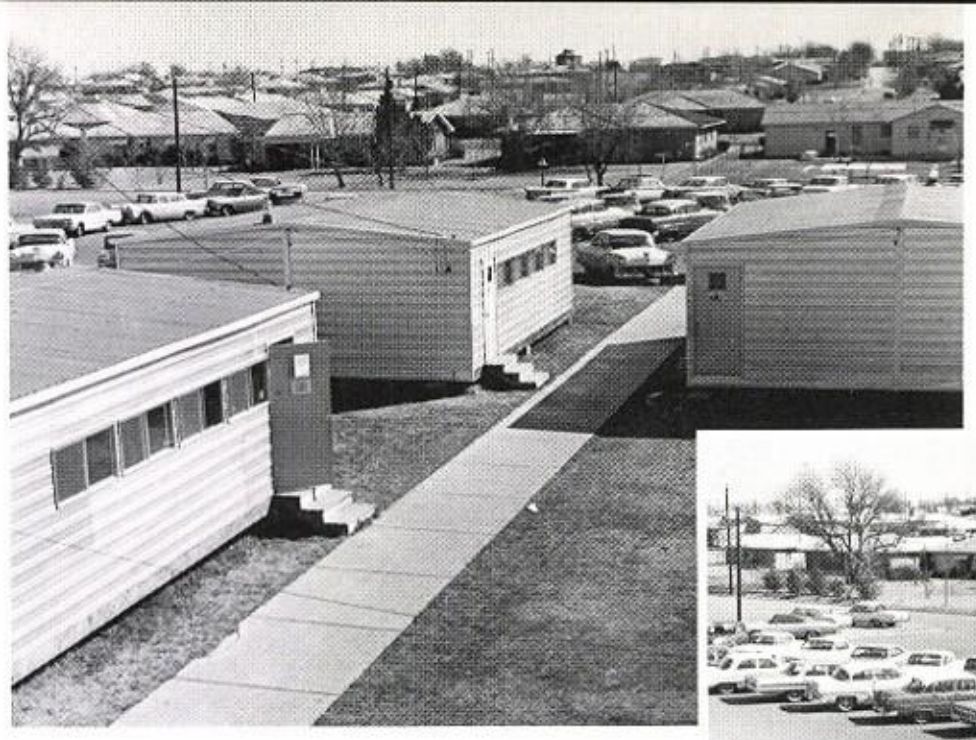


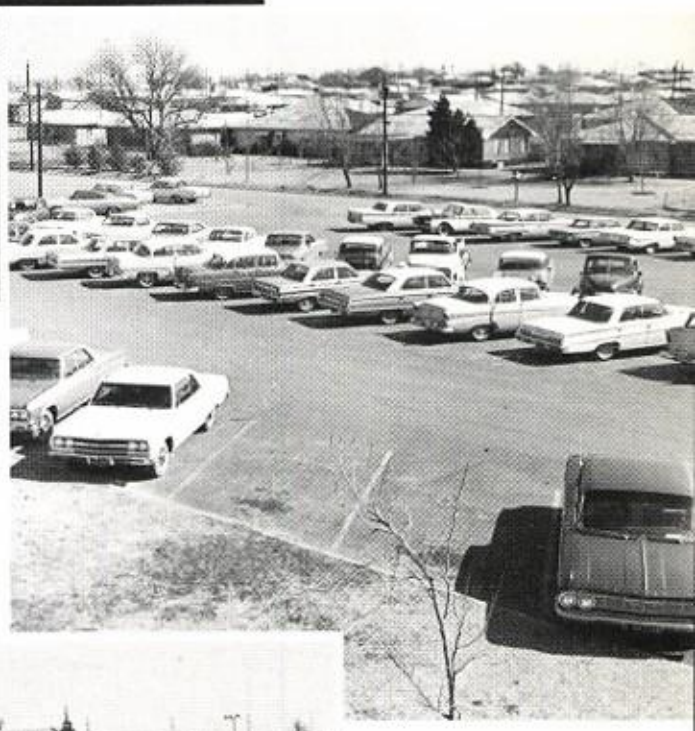
MHS Facilitates





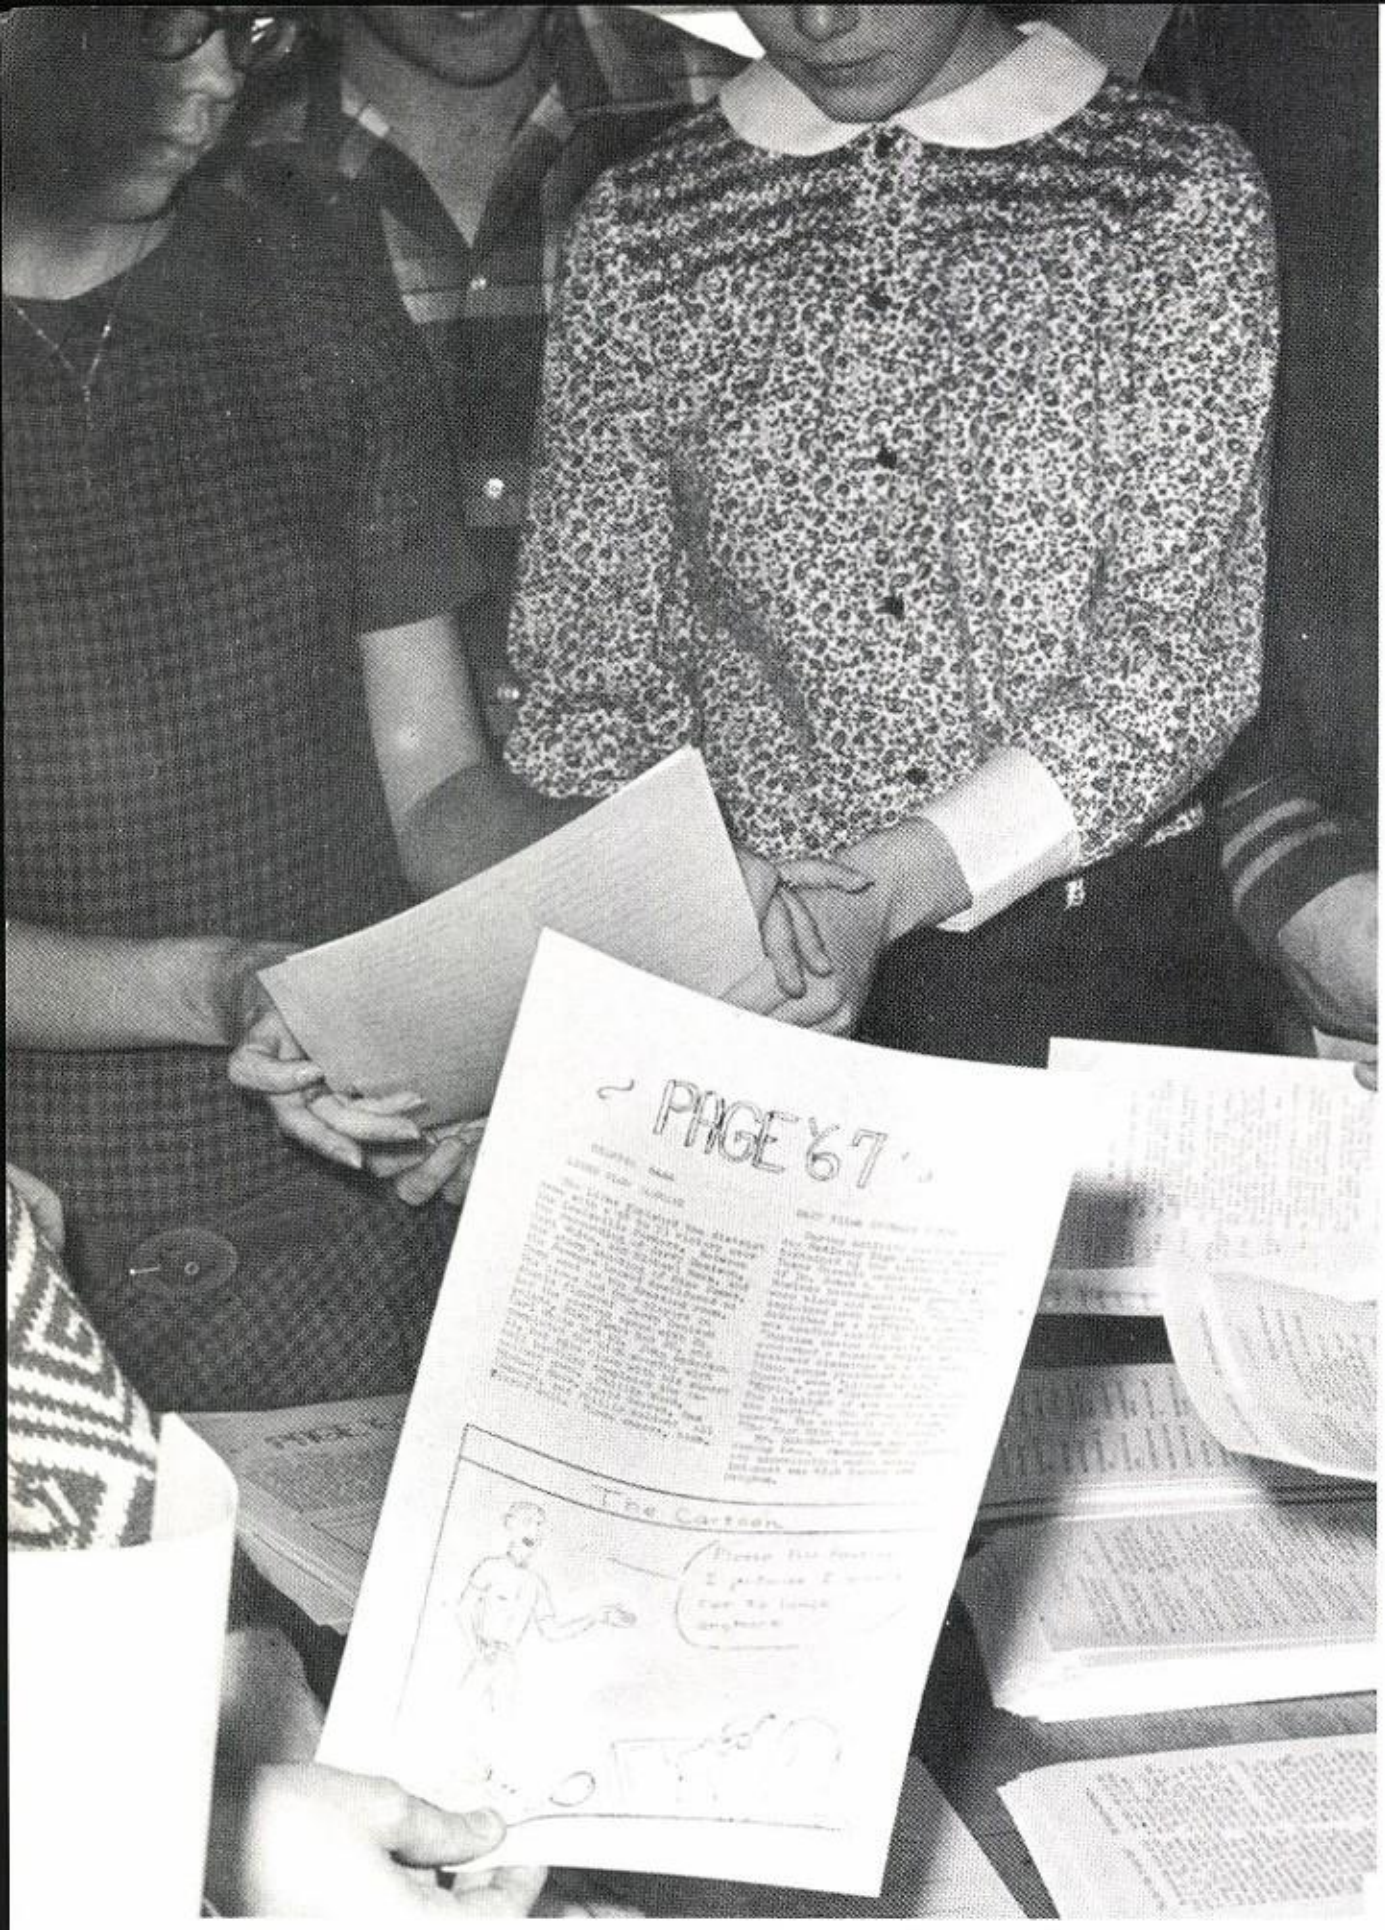
McKinney High School provides for students facilities to create an atmosphere of comfort as well as one of discipline and knowledge. Provided for us are facilities in which we may converse with friends, study, and express our school spirit through screams and shouts of "Go, Go, Go..."





Student Relations

This year three additional portable classrooms were erected to increase classroom space; parking lots remained to accommodate student parking. Administration strives harder each year to make our school the best.



Page '67 Published by Seniors

Breaking tradition, the Senior Class of 1967, with the help of Mrs. Alda Benton, edited and published a newspaper each week during the second semester. Features included Dandelions spotlighting Seniors; A Daisy Tells; editorials; cartoons by Mack Elder; and other articles of main events.

Mrs. Benton's English 4 classes took turns in editing the paper; the first period class distributed them. This paper seemed most enjoyable and proved to be quite successful.

The clock has run down, and
As with all good things,
This book comes to an end,
As does the year's work, happiness, and rewards.
Each of us must now go:
As seniors—out into a new and different world
toward wider horizons.
As juniors—on to that great and glorious senior
year.
As sophomore—into the upperclasses with pride.
As freshmen—out of all that seemed bewildering
and hostile, into years of lasting friendship.
As THE McKINNEY LIONS, we go as one;
Never to forget this year of nineteen-hundred,
sixty-seven,
The year in which we all won!
